

# White Is Sworn In As 93rd U.S. Justice

WASHINGTON (AP) — With President John F. Kennedy watching in a packed Supreme Court chamber, Byron R. White was sworn in today as an associate justice.

It is the first time in history that a former law clerk of the tribunal has ascended to the

court's bench. White served as Nancy's law clerk in 1946-47 under Clayton White.

Also present were Mrs. White's parents, Mr. and Mrs.

Robert Stearns, and Atty Gen.

Mrs. Robert F. Kennedy.

Among those watching the husky 44-year-old former deputy attorney general take the public oath were his wife, and two children — Charles, 8 and

had taken in a private confer-

ence room the constitutional oath to "well and faithfully discharge" his duties as a justice.

This oath was administered in the presence only of the other justices of the court.

The 10 o'clock ceremony in the court was a few minutes late getting under way. The

president took his seat in the benches reserved for distinguished guests at 10:05 a.m. A minute later the eight justices filed in. White was the last to center.

Chief Justice Earl Warren and the new Justice White both spoke in firm, loud tones.

White succeeds Justice Charles Evans Whittaker who retired April 1 because of poor health.

## Planners Pass Homes Plan In Park Area

AMIDST an audience of dis-satisfied West Marin residents, the Marin County Planning Commission today approved 3-2, the Drakes Bay Pines 168-acre Subdivision tentative map.

Nine letters of opposition to the subdivision were submitted to the commission by nearby residents.

Voting against the tentative map were commissioners Worth Fenner and Felix M. Warburg. Absent was Niels Schultz Jr.

The proposed subdivision is on Inverness Ridge next to property owned by Drakes Bay Land Co. It is within the proposed Point Reyes National Seashore.

Major opposition centered on the access road, Balboa Avenue, which members of the

audience termed too narrow. Benjamin Bonelli of Belvedere, attorney representing the developers, told the commission he was not considering improving the 12-foot Balboa Avenue. Planning Commission Chairman William Upton said the improvements to the road may be done by an assessment district.

This brought disapproval from the score of residents complaining about the costs of such an assessment district.

San Rafael attorney Peter Allen Smith, representing one of the homeowners along Balboa Avenue, declared:

"The highways and streets are not shown. There are no cross sections shown. Persons who buy a home on that subdivision will find themselves in law suits. These maps look like they have been taken out of a magazine."

Principal Planner David Van Pelt explained the maps were not official survey maps but were tentative maps.

Thomas Storer, a resident of Balboa Avenue complained that the subdivision would cause danger for children.

"If the fleet of tractors and bulldozers hurt any of our children, Mr. Bonelli better move to Siberia," Storer declared. "I can have little faith in this agency," he told the commission.

She asked city manager Charles A. Brown, by letter, to impound registrations and ballots until due validity can be precisely determined.

"My considered reaction to

the result of the recent election in Sausalito," she wrote,

"leaves me without other recourse than to take formal action to protect my interests and prerogatives which, in my opinion, been flagrantly violated."

Brown said that impounding the lists and ballots is standard practice.

Mrs. Owen (Sally Stanford) wrote she was displeased some of her poll watchers had been pushed out the door of a polling place.

She also said that she received 589 mailing pieces back from the post office.

"I want to see the registration lists and the ballots to see if everything was fair and square," Mrs. Owen said.

## New Orleans Archbishop Excommunicates Three

### Action Stems From Segregation Feud

NEW ORLEANS (AP) — The Roman Catholic archbishop of New Orleans today excommunicated three persons in a segregation feud, including Louisiana political boss, Leander H. Perez Sr. (See also story, page 3.)

Archbishop Joseph Francis Rummel also excommunicated Mrs. B. J. Galliot Jr. and a Citizens' Council official, Jackson G. Ricau of New Orleans.

Mrs. Galliot, 41, leader of a small segregation group, Save Our Nation, picketed the archbishop's residence the day he ordered parochial schools to be desegregated.

Perez is a long-time political boss of St. Bernard and Plaquemines parishes counties. He has been a leading figure in the fight against integration in Louisiana.

Ricau is executive secretary of the pro-segregation Citizens' Council of South Louisiana.

Mrs. Galliot said: "His excellency has no right to make that official without notifying me first. His accusations are false. And the vatican will have to intervene."

Mrs. Storer, a resident of Balboa Avenue complained that the subdivision would cause danger for children.

"If the fleet of tractors and bulldozers hurt any of our children, Mr. Bonelli better move to Siberia," Storer declared. "I can have little faith in this agency," he told the commission.

### \$650,000 Offer Made For Mays

NEW YORK (AP) — A \$650,000 offer for Willie Mays from Mrs. Charles Shipman Payson, owner of the New York Mets, was refused last year by Horace Stoneman, president of the San Francisco Giants.

"Did you get a million dollar offer from Mrs. Payson?" Kase asked.

"No," Horace replied, "it wasn't for a million exactly but an offer involving her stock in the Giants."

"We've had plenty of offers for Mays."

Mrs. Payson at the time owned some 800 shares of Giants stock, representing about 8 percent of the total issue. When she became majority stockholder of the Mets, baseball law dictated she sell her Giants holdings.

"Donald Grant, her advisor and a Mets director called Stoneman," wrote Kase, "and offered a swap—the 800 plus

## WIRE NEWS BRIEFS From Everywhere

### Rockies Get Heat; South Chilly

By U.P. INTERNATIONAL

Errant spring scorched the Rockies with summer-like heat and nipped the east half of the nation as far south as North Carolina with autumn-like chill today.

The heat wave set records all the way to Montana's border with Canada yesterday. To the east cold temperature marks were being set and chill winds spattered light snow from Ohio and West Virginia to New England.

Mississippi's Pearl River spilled out of its banks for the second time in five months at Jackson, forcing several families to flee their home.

### Ransomed Prisoners To Make Appeal

MIAMI (UPI)—Sixty ransomed Cuban invasion prisoners relaxed with their families today while exile leaders made plans for them to tour the country appealing for funds to release 1,119 comrades still in Castro's jails.

Enrique Llaca, spokesman for the Cuban Families Committee which arranged the barter of 2.5 million dollars for the 60 sick and wounded captives, said the drive for more funds will start in New York next Monday.

All but the most severely wounded of the released prisoners will make appearances in cities across the U.S.

Typical of the 60 was Lorenzo Pardo Valdes who with his comrades yesterday attended Palm Sunday services here. He braced himself with a pair of crutches.

### Drown The Drain

LEXINGTON, Ky. (UPI)—R. W. Richmond saw his income tax return go down the drain-literally.

He drove up to a curbside mail box at the post office yesterday and attempted to drop the envelope in the letter slot. He missed. The return went through a street grating and into a storm sewer.

Firemen retrieved it after a brief search.

### College Bond Group

SACRAMENTO (UPI)—Gov. Edmund G. Brown today announced appointment of a chairman and co-chairman of a citizen's committee to urge passage of the 270-million-dollar college and university construction bond issue appearing on the June 5 ballot.

The appointees are Edwin C. Pauley, head of the board of regents of the University of California, as chairman, and S. Clark Beise, president of the Bank of America, as co-chairman.

### 'Miss San Francisco'

SAN FRANCISCO (UPI)—Sally Ann Hamberlin, 19, a co-ed at San Francisco State College, today reigned as "Miss San Francisco" after winning out over seven other contestants in the finals last night.

Miss Hamberlin, a sophomore in dramatic arts and education, is five feet, seven inches tall and weighs 124 pounds. Her measurements are 34-23-35.

## Rocky Lashes Administration Economic Problems Attack

DETROIT (UPI)—Gov. Nelson A. Rockefeller of New York, considered contender for the Republican nomination for president in 1964, charged today that the Kennedy administration had failed to attack the nation's basic economic problems with sufficient vigor or understanding.

"Good sentiments are not enough if action is weak or ambiguous," the governor said in a speech prepared for delivery before the Economic Club of Detroit.

On the domestic scene, Rockefeller said, the basic problem is the downward trend in business profits and the lag in business capital investment due to inadequate incentives. "The drop in our average

growth rate in the later post-war years," the governor said, "has been directly related to the low rate of business investment in new plant equipment."

Although the national Democratic administration has proposed investment incentives in the form of tax credits and liberalized depreciation allowances, Rockefeller said, they are unsatisfactory and inadequate.

"It is most unfortunate that, having articulated the proper objectives, the Kennedy administration could not present a plan which would be adequate to do the job—a plan involving liberalized depreciation allowances or other effective methods which businessmen

could enthusiastically support," Rockefeller said.

The governor urged Congress to take the lead in developing effective legislation in that area.

In his text, Rockefeller made no reference to the rise in steel prices of about \$6 a ton announced by major corporations last week. The steel companies said they had acted to provide funds for plant expansion and modernization. The price hike was rescinded under pressure from President John F. Kennedy.

In the field of international trade, the governor said he supported President Kennedy's request for broad new powers to negotiate trade and tariff agreements.

## Europeans Striking Again In Oran; Moslem Mob Kills 2 Near Algiers

ALGIERS (UPI)—Europeans launched another general strike today in Oran where the Secret Army Organization (OAS) flaunted its defiance of French security forces over the weekend with a bold daylight raid on the central telephone exchange.

The weekend also saw the first reprisals by Moslem civilians against European terrorism since the March 19 cease-fire. Two Europeans were killed and another injured by a Moslem mob yesterday in the Algiers suburb of Maison Carrée where OAS terrorists have been active in recent weeks.

A mob of Moslems also staged an angry protest demonstration against terrorist bombings near Blida.

The OAS campaign of terrorism is aimed at provoking Moslems into mass uprising against Europeans in hopes of wrecking the Franco-Algerian

rebel peace settlement. Leaders of the National Liberation Front (FLN) have urged Moslems to refrain from striking back and the orders had been obeyed.

## Georges Pompidou Takes Over As French Premier

PARIS (UPI)—A new French Cabinet under Premier Georges Pompidou took office today with all the key ministers in Michel Debre's government retaining their jobs.

No new parties were represented in Pompidou's Cabinet and the Gaullist Union for a New Republic remained dominant with 12 of the 22 posts.

Pompidou, longtime confidant of President Charles de Gaulle, has no political affiliation. He gave up his job as general director of the Rothschild bank to take over from Debre.

Debre resigned Saturday after three years and three months as premier. This is a postwar record, but under the

new French constitution it is much harder to topple a government than before.

Debre said he felt free to step down since the basis of a settlement of the Algerian independence problem had been approved by the nation.

Pompidou brought in nine new ministers, but retained Debre's key men, including Foreign Minister Maurice Couve de Murville, Interior Minister Roger Frey, Defense Minister Pierre Messmer, Finance Minister Valery Giscard D'Estaing and Louis Joxe, minister for Algerian affairs.

# Belvedere Man Tries To Visit Estranged Wife—And Pow!

Daniel Joseph Nyhan, 37, went to visit his estranged wife in Belvedere Saturday night and ran into a pair of private eyes, armed to the teeth.

Their reception was so effusive that it subsequently required five stitches to close a gash in Nyhan's lower lip. Also, some of his teeth were loosened.

To add insult to injury, he was booked into county jail on charges of battery and disturbing the peace, after being sewed up and patched up at Marin General Hospital and a dentist's office.

Mrs. Mary Nyhan obtained

a court order Friday forbidding her husband to visit her. Taking no chances, she hired a pair of private detectives to guard her in the home at 74 Bay View Avenue, Belvedere.

At 7 p.m. Saturday Nyhan, an unemployed newspaperman, showed up at the home. Bruce Masonek, one of the private eyes, warned him to go away.

Nyhan refused and Masonek fired two warning shots, according to Belvedere Police-Marshal Eugene Barton. Undaunted, Nyhan pounced on the detective. Fists flew. Nyhan claimed Masonek also hit him with the butt of his pistol.

## Segregationist Plans

### Direct Appeal To Pope

NEW ORLEANS, La. (AP)—A segregationist says she will appeal directly to the Pope in a local feud involving her possible excommunication from the Roman Catholic Church.

Archbishop Joseph Francis Rummel closed the door on any possible audience with Mrs. B. J. Gaillot with a statement last night contending he became convinced that Mrs. Gaillot intended to use the interview to gain further widespread publicity.

The 85-year-old prelate said he considers the matter of an interview closed.

Mrs. Gaillot asked for the audience two weeks ago after receiving the archbishop's letter of censure for her activities defying his order to desegregate parochial schools next fall.

Mrs. Gaillot, who heads a New Orleans group titled "Save Our Nation, Inc." picketed the archbishop's residence the day the school desegregation order became public.

"I will appeal directly to Rome," Mrs. Gaillot said when informed of the archbishop's statement. "They're not doing right by me."

They said she will appeal to Pope John XXIII either by letter or telegram.

Mrs. Gaillot contends her stand for segregation is based on the Bible and said she would get on her knees and beg the archbishop's forgiveness if she could be shown from the Bible that segregation is morally wrong and sinful.

## Four Teen-Age Boys Hurt As Auto Leaves Shoreline

Four Fairfax teen-age boys suffered minor cuts and bruises yesterday afternoon when their car left Shoreline Highway about one mile and one half south of Olema, plunged 15 feet and landed upside down in a ditch.

Treated at Marin General Hospital were William Berry, 19, of 97 Spruce Drive, the

driver, Robert Lazzini, 16, of 3 Deer Park Lane; Robert E. Dennis, 19, of 35 Acacia Road, and James Flatt, 16, of 15 Bothin Road.

The car was northbound when the driver lost control, said the California Highway Patrol.

Joseph Andrew Czerwinski, 30, of 10 Park Avenue, Mill Valley, was treated at Marin General Hospital for head and chest injuries after his car left Miller Avenue extension a quarter mile east of Camino Alto early Saturday and hit a utility pole. CHP officers reported he fell asleep while heading west.

### Bitten Under Eye

Two-year-old Cindy Maness of 2421 Fifth Avenue, San Rafael, was bitten under the right eye by a small Dalmatian dog in front of her home yesterday. She was treated at San Rafael General Hospital.

The penalty takes effect April 26. If the premises are not operated as a bona fide public eating place by July 26, the license will be revoked.

The department also announced it placed into effect its order revoking the on-sale general liquor license of Paul L. Giles L., and Virginia E. Franklin, Black Point Inn, Novato, this week. The licensees had been charged with sales to minors and permitting minors to remain on the premises and drink.

## Commute Habit Report Garbled

The April 6 Independent Journal garbled a report on San Rafael workers' transportation habits to declare that 11 per cent of those working outside the county went on foot and 4 per cent of the commuters worked at home.

The survey report on which the news story was based stated the figures in these words:

"Nearly one fourth of San Rafael workers commute to jobs outside Marin County."

Most workers (72 per cent) drove to their jobs, though 11 per cent went on foot; only 5 per cent took the bus, and 4 per cent worked at home."

The report came from William Spangle and Associates of Menlo Park, who, with Dan Coleman and Associates of San Rafael, is preparing a general plan for the city.

## Robert Frost Says There Is More Poetry Outside Verse Than In

NEW YORK (AP)—Robert Frost arched his bushy white brows, tossed his white-maned head, and proclaimed:

"There's more poetry outside of verse than in, more religion outside of church than in and more love outside of marriage than in."

The salty-tongued 88-year-old poet made the remark yesterday while reading chapter and verse on a whole variety of topics before a group gathered to do him honor.

Frost was honored by a Manhattan branch of the Young Men's and Young Women's Hebrew Assn. as "America's leading poet, one who speaks with a clear strong

voice of strength and compassion."

At the gathering afterward, Frost spoke with a clear, strong voice of strength and compassion.

On charges that America is becoming soft: "There is nothing so gentle as strength."

On why he left Harvard: "I didn't want to be a good writer 'considering you're a freshman,' 'considering you're a sophomore,' 'considering you are a junior.' I wanted to be a good writer, sink or swim."

"On leadership: You have to find a person that is a little high-handed, a little courageous and one who will take the hint from the people!"

## We Need Transportation; Nobody's Planning For It

Marin County must now face some facts. As of this moment there is no study under way to provide a transportation system for Marin residents.

Rapid transit trains can't cross the Golden Gate Bridge.

Studies for a second bridge have been discontinued.

No new major highways or other means of transportation are being considered.

Even talk about high speed ferry boats on hydrofoils is only a dream in somebody's bonnet.

And yet Marin County must have adequate transportation.

Almost certainly the supervisors tomorrow will take the county out of the Bay Area Rapid Transit District. There is no sense in remaining in.

But we can not let it rest there. Some group must be made responsible for either planning for or at least keeping a current interest in transporting planning.

It is true there is talk of a state-activated Transportation Commission or some such agency to handle and coordinate all transportation problems in the Bay Area. But who are they going to talk with about the problems of Marin?

Frankly we're full up to here with area-wide agencies, committees, commissions and the like. How about worrying some about Marin County for a change and less about "the overall picture"?

Marin is a peninsula. Its major transportation problems are over water. The thing we need to decide first is what

we want and need to best serve us, then get together with the other side of the bridge, tube, ferry, rapid transit system, highway or whatever and agree where that system should go into the other county.

We know it's not quite as simple as all that. But it seems to us it's about time we got a little more selfish, a little more interested in how things affect us and not so interested in how it affects the other eight Bay Area counties.

Certainly we're for planning, Bay Area planning on matters which affect the whole bay. But how can we judge whether a Bay Area plan is good for the whole Bay Area if we don't even know whether it's the best for us?

We suggest the supervisors might consider appointing a continuing committee, not too large, whose duties would be to immediately investigate the overall needs of Marin County. Much of this material is already available.

Then this committee should keep up to date on what other areas are doing, what the Association of Bay Area Governments, the Bay Area Rapid Transit District, the Division of Highways, the Golden Gate Bridge directors, the new Transportation Agency if it is established, Pacific Greyhound, the ferry boat operators all are doing.

Thus the supervisors would have an interested Marin County agency to turn to when suggestions or requests arise. All of these agencies would have a single Marin source for cooperation and opinion.

And perhaps we can get the transportation planning ball rolling again.

## THREE MINUTES A DAY

By JAMES KELLER

**HOW GRATEFUL ARE YOU FOR LIBERTY?**

A thrifty Nebraska farmer left \$250,000 "to the United States of America" recently.

The shabby house in which the 64-year-old man was found dead was unpainted and without electricity, water or heating system.

In his will, the deceased farmer gave this explanation for his generous bequest:

"I am grateful to my country for the blessing of freedom it has given me and for the opportunity to acquire, hold and own property."

"In my gratitude to my country, I therefore direct my executor to sell and convert into cash all my property . . . and bequeath

all the remaining proceeds of the sale . . . to the United States of America."

What specific, concrete steps are you taking to show your appreciation for "the blessings of freedom"?

Others in the past suffered much that you may now enjoy your God-given liberty. What are you doing to protect it for children being born today?

"Stand fast, and do not be caught again under the yoke of slavery."

(Galatians 5:1)

Thanks, O Divine Master, for the privilege of freedom.

## FOREIGN NEWS NOTES:

### Soviets Expected To Demand West's Withdrawal From Berlin

By PHIL NEWSOM  
UPI Foreign News Analyst

Notes from the foreign news cables:

The Berlin situation up for discussion in Washington today still looks far from settlement. Observers expect Russia to make Allied military withdrawal from West Berlin settlement. The Soviets have

been putting out feelers for the withdrawal of Western forces from the city in their recent talks with Western leaders in Geneva.

If anything, they have become more insistent. And the signs now are that they will insist on complete neutralization of Berlin as the price for any guarantee of free access to the city. This position has

been rejected by the West in the past, and there is no indication it has changed its mind.

**ASIAN CONFERENCE:** Look for Communist China to make a big push for an international conference to discuss the situation in South Viet Nam. There have been several indications already that the Peiping regime is thinking along these lines.

Sources in Hong Kong say the Chinese Reds could lay the groundwork for such a conference by convincing so-called neutrals in Asia and Africa that the Viet Namese war could be ended by talks.

These sources speculate that Peiping may want from such a conference a "neutralized" South Viet Nam with no foreign forces there and some kind of ties to Communist North Viet Nam.

**FRENCH CHANGES:** The switcheroo in the French government indicates only provisional changes.

Observers in Paris say that later in the year—after the Algerian referendum details are completed—Algerian Affairs Minister Louis Joxe most likely will be released to take over the foreign affairs ministry from Maurice Couve de Murville, believed slated to head the Bank of France.

Meanwhile, new Premier Georges Pompidou's efforts are expected to be aimed at unification of Western Europe and building up France economically.

### Takes Issue With Bonelli's Letter

EDITOR,  
Independent-Journal:

Mr. Bonelli's letter of April 12 states: "Every buyer of my clients' lots have been fully apprised of the government's consideration of the land for a national seashore." I have personal knowledge that a married couple visiting Drake's Bay Estates within the last three weeks talked to a salesman, were handed a brochure of the property, and lots and values were pointed out to them. The brochure made no mention of a proposed park. Finally, they asked the salesman whether a park was going in. His reply was that he thought not and that they had a representative in Washington taking care of this.

There are many things in Mr. Bonelli's letter which would bear additional comment. Suffice it to say, that President Kennedy's statement regarding U.S. Steel on April 11 is equally applicable to Mr. Bonelli and other powerful financial interests in this country. What Mr. Bonelli, his associates and clients are doing on the Point Reyes Peninsula does not affect 185 million other Americans.

Mr. Bonelli has at least two applications filed with the U.S. Board of Land Management for an exchange of subdivision property for government land in Nevada. In the meantime, he is still trying to sell lots. I submit that men like Mr. Bonelli do have a responsibility to their fellow Americans, particularly at this time in our history. I shall not use the word "fraud," but I say that these men speak neither with the tongues of men nor of angels but with tongues tainted by the sweet taste of money, and as for charity—I have no comment.

### Another Brickbat For Phone Book

EDITOR,  
Independent-Journal:

Your editorial the other evening on the Marin County telephone book was very good except that you were short one brickbat.

When you are delivering your two, please add and deliver one for me.

The inside of the directory is the biggest piece of confusion since the Tower of Babel. Let me give you three listings to show you an example:

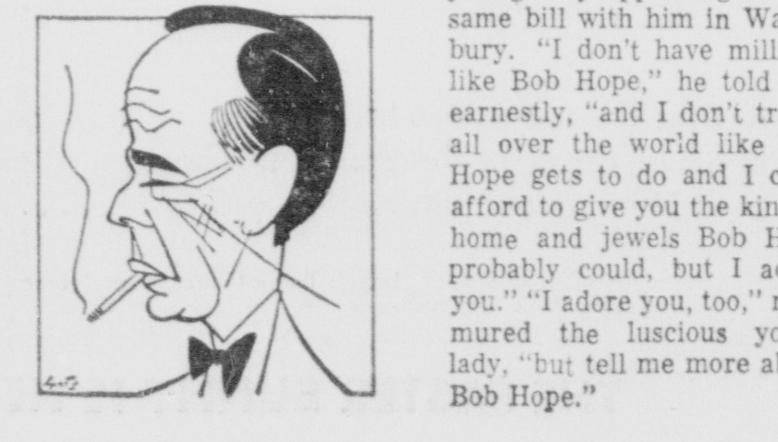

Page 32—Katherine Chan,

The first time a University of Alabama football team appeared in a Rose Bowl game, the late Humphrey Bogart found himself seated next to a distinguished looking but unidentified man, and started the conversational ball rolling by remarking pleasantly, "I know the name of every play-

er on the Alabama squad, but I couldn't possibly tell you who's president of the university."

"His name is Foster," volunteered the stranger, "but I'm afraid the only reason I know is because I'm he."

A ninth-rate comedian fell madly in love with a luscious young lady appearing on the same bill with him in Waterbury. "I don't have millions like Bob Hope," he told her earnestly, "and I don't travel all over the world like Bob Hope gets to do and I can't afford to give you the kind of home and jewels Bob Hope probably could, but I adore you." "I adore you, too," murmured the luscious young lady, "but tell me more about Bob Hope."

### Deer Chases Dog, Gal Chases Deer —Then Sisters Chase Deer Away

THE OTHER DAY, a Pekinese dog who lives with Phyllis McChesney in Mill Valley, had an adventure.

At 7:45 a.m., Miss McChesney and her sisters heard Ouie (pronounced Oo-ye), cry. They looked out the kitchen window and, three feet from the house, Ouie was being chased by a "big deer." Miss McChesney chased the deer with a tree-trimming saw. Then the deer chased Miss McChesney. Then Miss McChesney's sisters chased the deer.

Then, according to Miss McChesney, "Ouie rolled up into a ball and rolled down the steps and was saved." Good old Ouie.

Ouie is a fine name, one of a great many wonderful names in Marin. There are friendly names such as C. R. Hug of Mill Valley, Mollie Love of Belvedere and Stanley Sugar of Inverness.

There are the more graphic names such as Martin Hamburger of Larkspur, William Poulopoulos of Greenbrae, Irvin Boop of Corte Madera and, in San Rafael, Lucille Ploof.

WE HAVE ALWAYS said that, if we had the name of Henry Googan, more people would read our stories.

Terwilliger is a musical name. A Welsh name, according to Dr. Calving Terwilliger. He adds that there is a Terwilliger Boulevard in Portola, and that he has his wife, Elizabeth, and two young little Terwilligers at home.

Marian Scotto admits she likes to use the name and, in telephone conversation, often finds herself saying "Hello Mrs. Terwilliger"; yes, Mrs. Terwilliger" and "goodbye, Mrs. Terwilliger."

There's a boy we know of named Andy (Mush) Emmons. In Ignacio there is a man named Richard Hammermaster and in Alto a man named Mel Zak. Zak's Czech.

Asa Hanamoto has a fine name. Asa means morning.

Hana means flower. Moto means ground or base. Mrs. Hanamoto's name is Yuriko which translates Yuri (lily) and Ko (child).

IT IS THE TIME to putter around in boats. It is the time of the poppy and wild onion flowers, time of the swallow to build nests under the long eaves at Sausalito's Bank of America, the time of the mosquito.

Only a memory is Mrs. Mitie Spain's comment as she left the Mill Valley City Hall, having told poll person Gene Stocking, "I voted for the councilman who is going to keep the deer out of the garden and poison oak off the hills."

At least a dozen tides have come and gone in Sausalito since Talbot Kendall turned his 1915 Rolls southward to Pebble Beach. He said he carried "50 or 60 little old ladies" to the polls — and some young ladies. The people will remember the small window in the back and the sign, "California Horseless Carriage No. 1105."

Si Well, well known for his window displays, has a new one with Fisher beer and a sign reading, "Don't listen to Liz. You'll like it."

BOYS HAVE MORE fun than girls. The other day, for example, Mark Simmons of Mill Valley got stuck in the mud up to his waist. He was exploring a fill area at Rising Road when he, well, sank.

Hal Stroube, passing while doing school tax increase precinct work, came alongside. First he tried to pull Mark out straight. Mark hollered, saying he felt as if he were being pulled from both top and bottom. Analyzing the situation, Stroube decided to wiggle Mark back and forth like a stick. Grabbing him by the seat of the pants, out came Mark.

But, alas, Mark's mother arrived on the scene, Stroube said, and scolded Mark for getting all dirty.

### Time To End Military Muzzling Probe; Walker Hurt Reputation

WASHINGTON — The Senate Armed Services Subcommittee, investigating the "muzzling" of the military, has been at it long enough. The witnesses are repeating themselves, uncovering no new facts.

It is time that this Senate hearing well-handled by Chairman John Stennis, D-Miss., recognizes that its work is over so that we can all get on with important business.

Unfortunately the investigation reached its climax under the worst circumstances when retired Maj. Gen. Edwin A. Walker simultaneously exploded his charges and much of his reputation.

Most senators and most reporters who witnessed the scene viewed Gen. Walker's performance more in sadness than in satisfaction. One couldn't but wince to see an able staff officer with a good military record do his profession and himself such disservice by scattering — without any semblance of evidence — pro-communist accusations against Gen. Eisenhower.

It would be a good idea if the Stennis committee served notice on the Administration that it will take a periodic look at censorship practices in the Pentagon and State Department. It would be healthy to let censors know that ridiculous decisions cannot always escape public notice by being tucked under the rug.

Impetus to this investigation came, in part, from the contention of the Extreme Right that the Kennedy administration was against indoctrination on the dangers of communism and disposed to conduct the cold war in a "no-win" state of mind.

The advocates of these views have produced nothing to indicate these contentions are correct.

The U.S. is more decisively helping the South Vietnamese turn back the communists than ever. The president has authorized resumption of atmospheric nuclear testing. We are standing firm in Berlin against all Soviet pressures. I see no evidence that we will accept a "wel-lose"

(c) 1962 New York Hear Berlin settlement.

### SAN RAFAEL GENERAL HOSPITAL BACK IN BABY BUSINESS BRIEFLY

San Rafael General Hospital, which discontinued its maternity ward on Aug. 1, 1960, was back in the baby business briefly today.

A few minutes before 7 a.m., Pfc. Donald Collins of 802 E Street, San Rafael, assigned to the Fort Scott headquarters battalion at Presidio of San Francisco, bundled his expectant wife, Ruth, into the family car and started for Letterman Army Hospital across the bay.

A few blocks from home, he decided he'd never make it, so turned in at San Rafael General Hospital.

Ten minutes later, a 6-pound, 13½-ounce son was delivered for Mrs. Collins in the hospital's emergency room. At 7:15 a.m., Mrs. Collins and baby continued the journey to Letterman, by ambulance.

Mother and child—the couple's first—was reported doing fine.

## Churches Gain In Tax Challenge

WASHINGTON (UPI)—The Supreme Court refused today to consider an appeal challenging constitutionality of tax exemptions granted church properties by states.

The high tribunal also declined to rule on validity of state tax exemptions granted to veterans, veterans' organizations, Gold Star parents, cemeteries and some university professors.

Final rulings were asked in an appeal by General Finance Corp., owner of real estate in Cranston, R. I., on which the city leveled a tax of \$842.

The firm figured its tax would have been about \$30 less

if the various tax exemptions had not been granted by the state. Its attack on constitutionality of such exemptions was rejected by the Rhode Island Supreme Court.

The Supreme Court's action was announced in a brief order which said the appeal by General Finance had to be dismissed for want of a substantial federal question.

Justice Hugo Black noted he favored hearing the appeal, Justice Felix Frankfurter and the new justice, Byron R. White, took no part in consideration of the appeal.

The court's vote thus was 6-1.

In other actions, the court: were brought while Hardy was stated, deprived it of property in Mississippi seeking to encourage Negroes to register and vote. The U. S. Circuit Court at New Orleans upheld 2-1 a Justice Department contention the prosecution was designed to intimidate Negroes from attempting to register. The department secured the order against state prosecution of Hardy.

General Finance contended tax exemption granted to churches constituted an "establishment of religion" by the state in violation of the U. S. Constitution's First Amendment.

But Teller was silent for 13 seconds during the show's taping two weeks ago when asked about Oppenheimer who left

He gave no explanation for his long silence but said he would come home soon to see his mother.

### Envoy Aides Expelled For Money Dealings

Mendelssohn's "Elijah" will be presented twice this week by the oratorio choir of Golden Gate Baptist Seminary.

First presentation will be at 7:30 p.m. tomorrow at Travis Air Force Base under sponsorship of the Protestant chaplains of the base.

Second presentation will be at 8 p.m. Friday at Broadcast Hall on the Strawberry Point campus.

Soloists at both performances will include Jerry Casey and Carole Suffern, sopranos; Ruth Jarboe, contralto; Milton Martin, tenor and Gordon Green, bass. Mrs. Orine Suffern is organist and Norma Porter pianist. Dr. Carlyle D. Bennett is director.

According to Tass, the brother and sister were caught "red-handed" last Thursday and have "pleaded guilty."

They are liable for stiffer penalties but authorities "deemed it sufficient" to expel them, Tass said.

Tass said the foreign ministry has made "representations" to the American and Turkish embassies in the matter.

Tass said the brother and sister had been engaged in the illegal dealings since 1959.

They dealt in American dollars and "large numbers" of gold watches illegally brought into the Soviet Union, Tass said. It said they allegedly sold these to Soviet citizens.

Officers said it was possible Cresswell went to sleep at the wheel, causing the car to run into the ramp and roll over. Neither victim was able to give an account of the accident.

## How to end a 2200 mile drive rested and relaxed

Next time you're faced with the long struggle with a steering wheel from California to Chicago, take Santa Fe instead. Forget about maddening traffic, "no vacancy" signs, and that frantic search for a decent place to eat.

Aboard a Santa Fe streamliner, every minute—every mile—is a "rest stop." There's loads of room for you to stretch out, watch the scenery, snooze, or meet new friends in the lounge as the miles tick by. You'll arrive rested, relaxed, refreshed, ready for business or pleasure.

Go now—Pay later. Terms, if you like, that are as comfortable as the trip itself. Low-cost Family Fares on Santa Fe, too.

## ALMANAC

Today is Monday, April 16, the 106th day of the year with 259 to follow in 1962.

The moon is approaching its full phase.

The morning stars are Jupiter and Saturn.

The evening star is Venus.

On this day in history:

In 1862, Congress abolished slavery in the District of Columbia and appropriated \$100,000 for slaves wishing to emigrate to Liberia or Haiti.

A thought for the day: Soviet leader Nikolai Lenin said: "It is true that liberty is precious—so precious that it must be rationed."

A Limited Double Raise  
Can Shut Out Opponents

The non-forcing double raise in a major suit is one of the most useful bidding developments of recent years. Don't try to use this bid with a stranger in a casual game; save it for your regular partners, after careful discussion.

Opening lead — ♠ K	

North's jump to three hearts shows four trumps and about 10 or 11 points (counting distribution as well as high cards). In this case North counts 4 points for the ace, 3 for the king, and 3 for the singleton. The hand is actually worth a trifle more, since the king of the trump suit is as good as an ace in a side suit.

North could not afford a jump raise if that were a forcing bid. The raise is only invitational if that has been carefully discussed by the partners and also explained to the opponents.

In this case South must decline the invitation. He has only a bare minimum opening bid, and the invitation tells him to go on only if he has extra strength.

MAKES CONTRACT? South makes the contract by ruffing two spades in the dummy. The normal spade opening lead gives South no trouble at all.

If West opened a trump (the best defense), declarer would win in the dummy with the king of hearts and return a spade at once. Even a trump return would allow South to win and ruff a spade in dummy. He would get back with the ace of diamonds to ruff another spade, and the rest would be easy.

The most interesting feature of the bidding is that the jump to three hearts shuts East out of the bidding. If North had bid only two clubs (the "normal" bid), East could have doubled for a takeout.

East and West can make four spades, but the energetic North-South bidding steals the hand from them. There are many situations in which a player can afford to enter the bidding at the level of one or two but is shut out by an opponent's jump of three. This shut-out effect is one of the chief advantages of the non-forcing double raise.

# Marinites May Take Ferry Boat To The Ball Game

Tiburoners may take a ferry boat to the ball game at Candlestick Park one of these days.

This idea was advanced today by William L. Howell, president of the Belvedere-Tiburon Ferryboat Club, which is now in its fourth week of

operating ferries between Tiburon and San Francisco for commuters.

Howell said he has had several calls from persons interested in taking a boat to the ball games. "It can be done with a special charter," said Howell.

Ferry Capt. Leo Lomski now runs such charter trips Friday, Saturday and Sunday from Redwood City Yacht Club to Candlestick. Lomski, who also provides boats for the Belvedere-Tiburon Club, took a load of people to the baseball opener last Tuesday. They re-

turned to San Francisco in time to catch the ferry back to Tiburon.

Both the Belvedere-Tiburon Club and the Marin Marine Commute Club announced schedule changes today.

The Marin Marine Commute Club, chartering the Blue Hor-

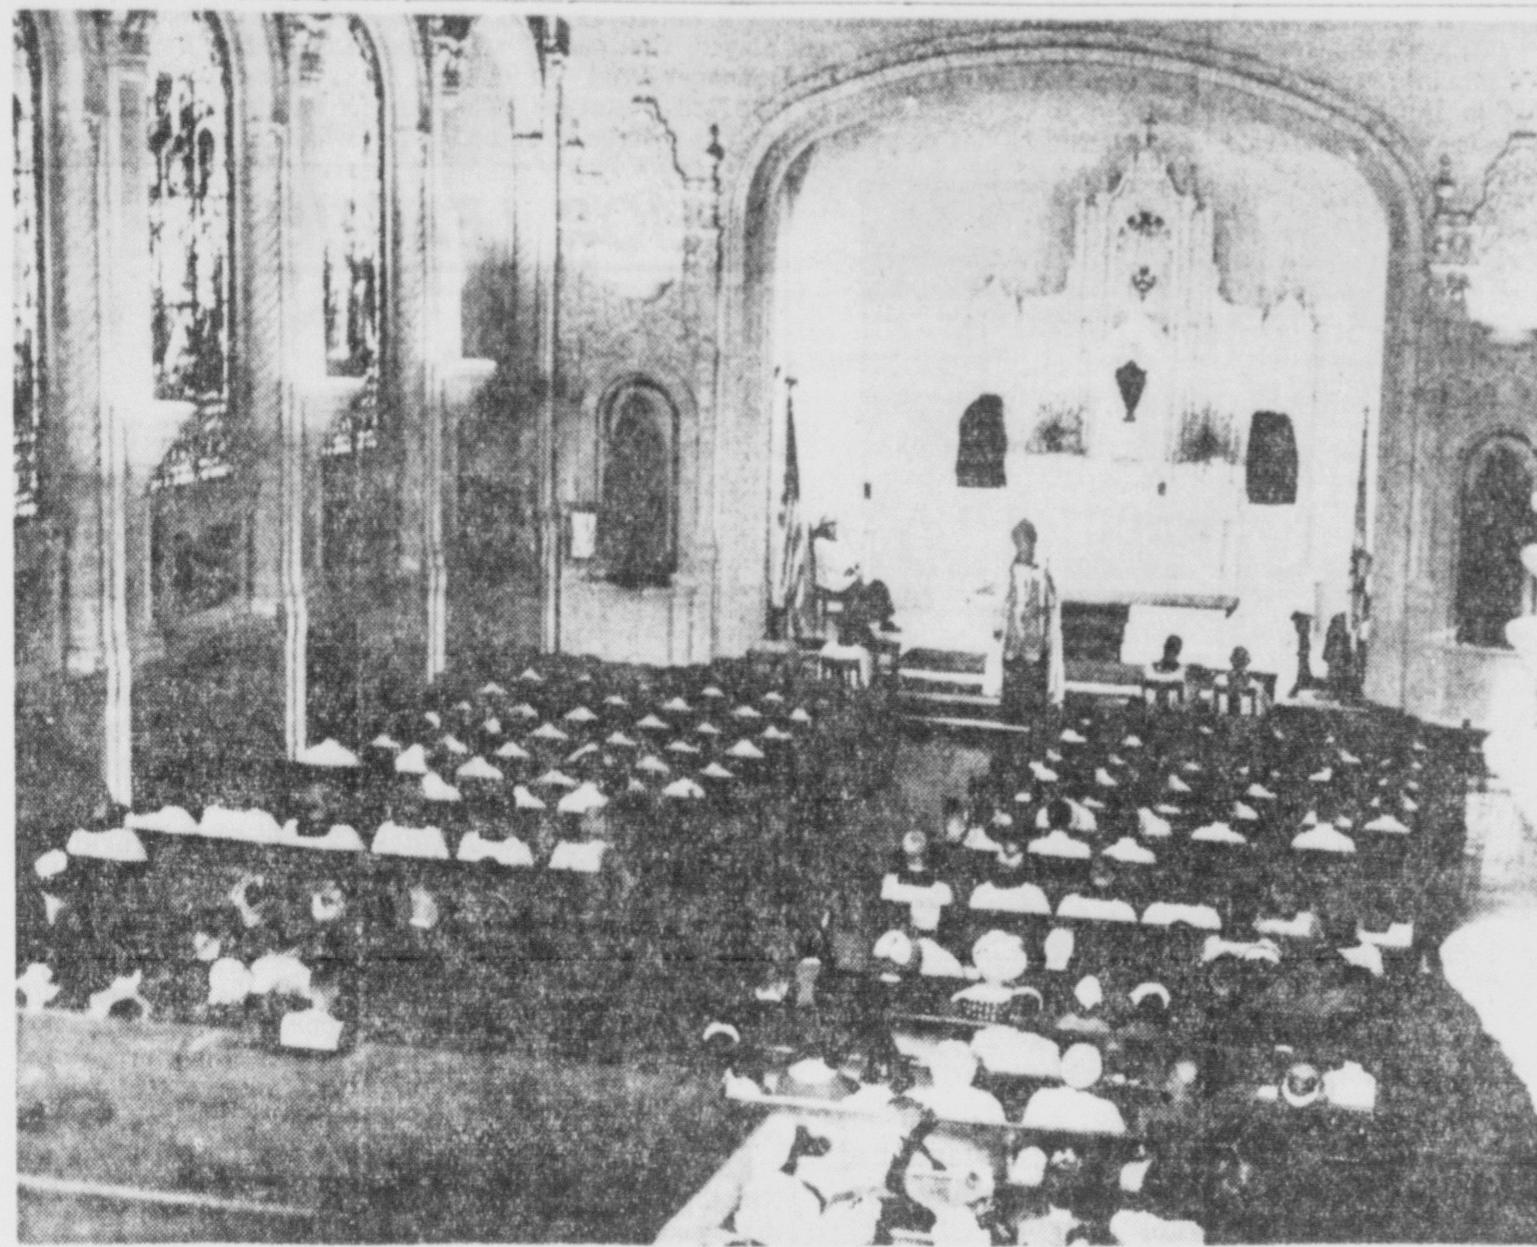

izon for about 60 passengers daily, now goes directly to the Ferry Building in San Francisco instead of Fisherman's Wharf. The change was effective today. The new schedule is as follows: Depart Tiburon at 7 and 8:05 a.m. and depart San Francisco at 5:20 and 6:30

p.m. Club membership has been increased from \$4 per week to \$5 per week.

Belvedere-Tiburon Commute Club, which has 95 members, has added another run in the evening from San Francisco to Tiburon. Its schedule is: Depart Tiburon at 7:10 a.m. and 7:40 a.m. and depart San Fran-

cisco at 5:15 and 5:45 p.m. Charge for passage remains the same, Howell said, at \$30 for 40 trips.

Both clubs are continuing to accept memberships, according to Howell and Fred G. Dupuis, president pro-tem of the Marin Marine Commute Club.

## OBITUARIES

### Krigbaum In Kentfield Succumbs

San Francisco liquor store owner Marc Malm Krigbaum collapsed and died yesterday at his mother's Kentfield home, 23 Acacia Avenue.

An autopsy showed death due to lobar pneumonia, said Chief Deputy Coroner William C. Bradley.

Bradley said that Krigbaum had collapsed in the kitchen of his mother's home at 4 a.m. The mother, Mrs. Lillian Malm Krigbaum, 81, helped him to his bedroom in the adjoining garage, where he had been staying during divorce proceedings brought by his wife, Mrs. Lillian R. Krigbaum, of 25 Acacia Avenue.

Krigbaum's sister, Mrs. Katherine Meherin of San Anselmo summoned a doctor who pronounced him dead at 11:55 a.m.

Krigbaum is survived by his wife; mother; two sisters, Mrs. Meherin and Mrs. Lillian Nolan of Kentfield, and a brother, Jack Krigbaum of San Pedro.

Funeral arrangements are pending at Chapel of the Hills, San Anselmo.

### GARY BARNETT

Funeral services for Gary Russell Barnett, 8, son of Mr. and Mrs. Gerald E. Barnett of 1290 Parkwood Drive, who drowned in Novato Friday, will be held at 2 p.m. tomorrow in the Redwood Chapel.

The time given was 2 p.m. today in the Saturday Independent-Journal story. The Independent-Journal regrets any inconvenience which the error may have caused.

## The BULLPEN

With JOHN J. CONNOLY

### Reds' Pilot Says Giants Team To Beat; Likes Their Power, Pitching

It's the club to beat for the 1962 National League pennant.

Those were the words of Freddie Hutchison, Cincinnati manager, who shivered and shook for nine innings yesterday while his Reds managed to put the brakes to the Giants in a nip and tuck ball game.

"They have power, pitching depth, great defensive skill and hustle," Freddie explained. "Any team that can stop them will win the championship. And I think there are about five teams in the circuit, who, once they get under way, might cause trouble."

Hutchison referred to, course, to his own club, the L.A. Dodgers, the Milwaukee Braves, the St. Louis Cardinals and Pittsburgh.

"The quick jump-off club is the one to fear," explains Freddie. "They, (meaning the Reds) have the greatest hustle I've ever seen. I'm afraid of them."

Close to 150,000 baseball fans paid their way into Candlestick Park, the home of the Giants, during the last six days. It is quite possible that with tonight's game against the Dodgers and a matinee between the same clubs tomorrow the count might be close to 200,000. That's a lot of people and a lot of money.

THIS BIG sprawling territory, known as the Bay Area, can get itself into more lather with less soap than most communities. We are the hot and cold area in sports and a little silly about it. Silly and sometimes hypocritical.

But the five straight games our Giants belted the Milwaukee Braves and Cincinnati Reds before losing yesterday's thriller is deserving of close scrutiny.

The Giants played like an inspired ball club behind great pitching. Sure, the visitors gave us a couple of games as a "gift" but our athletes clobbered them and, above all, our Giant pitchers were terrific.

TAKING A close inventory on the behavior of the Giants one has to agree that the team has desire, hustle, power and the potential of a great pitching staff. It wasn't alone the hitting, which was spectacular, but rather the pitching that

CONNOLY

kept the visitors from doing much harm.

One of the most delightful, if not the most surprising features of the first six games was the manner in which Chuck Hiller redeemed himself as our second baseman. The kid delivered beyond expectations and earned every bit of praise given him.

Hiller's behavior stunned the opposition. His bat spoke loud and often and his fielding was good.

The behavior of Hiller along with the play of Jimmy Davenport at third base, Jose Pagan at shortstop and Orlando Cepeda at first base, gives the Giants something to crow about. Very few clubs in the National League can brag about anything better to date.

NO ONE, on the showing he made at Arizona, even thought Billy Pierce could do it, but the veteran southpaw delivered in a fashion that speaks well of what is expected of him in the future. The other half of the White Sox-Giants deal, Don Larsen, like Pierce, made an indelible impression. Along with Juan Marichal, Billy O'Dell and Jack Sanford, the entire Giant staff did laudable work.

The hardluck guy of the series, in a batting manner of speaking, was Davenport, the slick fielding third sacker. Twice in Sunday's game Frank Robinson of the Cincy Reds-Reds outfield robbed him of hits, one especially in right-field where his shoe string catch deprived the Giant club of at least two runs, and Davenport of a surefire triple.

Jose Pagan, Harvey Kuenn, Orlando Cepeda and Felipe Alou carried the big stick for the Giant attack and did in old pro style.

## Bluth Bowls Record Mark

DES MOINES, Iowa (UPI)—Ray Bluth of St. Louis fired a record 1051 total for four games, including a 300 opening score, last night in his first match of the American Bowling Congress Masters Tournament finals.

Bluth, the 1959 champion, came back with a 279 score in his second game, then added 227 and 245 to defeat Pete Trebyig, Houston, who rolled 777.

Bluth's 300 game, his sixth in sanctioned competition and first in a tournament, was the first in a Masters final. Al "Bud" Horn of Los Angeles rolled the first perfect game in a Masters last year. His game in qualifying play.

The previous four-game record for a singles tournament was 1026 by Ed Kawolits, Chicago, in 1946 in the Petersen Classic. Bob Nickel, Toledo, held the old four-game record of 1039 for match competition. He shot it Oct. 28, 1956.

### Stanford Crew Wins

CORVALLIS, Ore., April 16 (UPI)—Stanford made it two straight over the Oregon State crew by winning a 2000-meter race Saturday.

### S.F. Bids \$150,000 For Pender-Fullmer

SAN FRANCISCO (UPI)—Middleweight champions Gene Fullmer and Paul Pender each have been offered 35 per cent of a minimum gate of \$150,000 to meet in June to settle their title dispute.

Co-promoters Lou Thomas and George Parnassus of the National Boxing Club said Saturday that the managers of both fighters had expressed interest in the offer.

Fullmer is the NBA champ. Pender is recognized as king in Massachusetts, New York and Europe.

### FIGHTS LAST NIGHT

# Giants Send O'Dell Vs. Dodgers Tonight

Giant left-hander Billy O'Dell, who blew down Milwaukee 3-1 with four hits Wednesday night, returns against Los Angeles tonight in the opener of a two-game series at Candlestick Park.

Stan Williams, whom the Giants picked on for four victories against one loss last year, goes for the Dodgers.

"The pitchers are pitching real good," says Giants manager Alvin Dark, who still was unenthusiastic despite a 4-3 loss to Cincinnati yesterday that broke a five-game San Francisco winning streak.

Dark's pitching compliments extended to Jim Duffalo, who

the eighth inning after Marichal altered his eight starters, except that Pagan may switch from his seventh to Hiller's second batting spot against left handers.

"Jim looked good—just like he did all spring," said Dark.

Willie Mays broke his batting slump with three singles, his first non-home run hits of the year. And Ed Mailey rapped a scoring double in the eighth after going hitless for two games.

Chuck Hiller, who was a potential question mark at second base, got another hit to add to his five in Saturday's 13-6 and Friday's 7-2 wins over the Reds.

Dark said he has no plans to

away from the pitchers. Nobody knows anything about baseball until he has crossed those white lines."

Felipe Alou has hit safely in six straight games . . . Harvey Kuenn does not recall ever being with a club that won its first five straight . . . "But I remember one year at Detroit when we lost 19 out of 21," the left fielder said . . . Don Larsen, who starred as a reliever in Saturday's win, rates windy Candlestick Park as "the hardest I've pitched in. I'd heard a lot about it and now I know what to expect."

Mike McCormick, whose bullpen work Saturday impressed Dark, will start Tuesday afternoon against the Dodgers, facing Don Drysdale.

Batting around: "That baseball rules committee should have somebody on it who has played the game," rumbled manager Fred Hutchinson of the Reds yesterday. "The trend now is to take more and more

away from the pitchers. Nobody knows anything about baseball until he has crossed those white lines."

Remember the Pirates? They were World Champions in 1960 only to nose-dive into humiliating sixth-place finish in 1961.

Well, they're leading the league today with a perfect 4-0 slate and one very good reason is the return to form of Bob Friend, who won 18 games in 1960 but slumped to a 14-19 record in 1961.

Friend scored his second straight nine-inning victory of the season yesterday when he pitched the Pirates to a 7-2 win over the New York Mets. Friend, who shut out the Philadelphia Phillies on opening day, thus has allowed only 11 hits and two runs in 18 innings.

Jackie Brandt drove in three runs with a double and a single for the Orioles in the first game. Yastrzemski's bad-hop two-run single drove in two runs for the Red Sox in the second game and his 320-foot, one-hop throw in the seventh inning cut down the potential tying run at the plate.

LANDIS STARS

Jim Landis drove in four runs with two homers and Juan Pizarro pitched a six-hitter for his second straight win as the White Sox downed the A's. Floyd Robinson had three hits and drove in two runs for Kansas City.

Steve Bilko's two homers and Leon Wagner's round tripper enabled Los Angeles' Eli Grba to pick up his first win of the season with ninth-inning relief from Tom Morgan. Jack Krack, bombed for five runs and seven hits in 4½ innings, suffered his second straight loss.

SNOWED OUT

The second game of the scheduled double-header was snowed out in the third inning with the Mets leading, 2-0.

The Cincinnati Reds handed the Giants their first loss of the season, 4-3, and the Milwaukee Braves scored their first victory of the campaign, 6-3, over the Los Angeles Dodgers in other N.L. games. In the American League, the Boston Red Sox beat the Baltimore Orioles, 5-4, after a 5-1 defeat, the Chicago White Sox defeated the Kansas City A's, 8-3, and the Los Angeles Angels beat the Minnesota Twins, 6-3.

Hank Aaron and Ed Mathews collected five hits and drove in four runs between them to pace the Braves to their victory over the Dodgers. Bob Hendley pitched a five-hitter for the Braves to win his first game while Sandy Koufax, who fanned seven in 6½ innings, was the loser.

SUNDAY PASS

# Novato Solid Track Threat

Coach John Panagakis' Novato High Hornets track team looks like the outfit favored San Rafael must overcome to win the 1962 Marin County Athletic League.

Last Friday the undefeated Hornets tore Redwood apart, 70-43 and buried Terra Linda 101-10 in a triangular dual affair. Hornet Craig Bond leaped 21 feet to break Novato's broad jump record and Mike French smashed the 880 record with a 20.48 winning time.

Other varsity winners: 440, Bob MacLaurie (R), 54.3; mile, Mike Flemming (N), 4:52.8; relay, Novato, 1:35; shot put, Miller (N), 46-3½; high jump, Grant Stevenson (R), 5-8; discus, Tom Gladney (R), 125.3.

## Williams Scores 'Triple' In Tam Win

Ellis Williams of Tamalpais High picked up three victories in leading his track teammates to a 76-37 victory over Sir Francis Drake last Friday.

Williams captured the 100-yard dash with a 10.2 time, the 220 in 22.6 and the broad jump with a 18 foot 10-inch effort. The day's double winner was Jim Spears of Tam. He won

the high hurdles in 15.2 and the low hurdles in 20.8.

Other varsity winners were: 880, Harry Miller (D), 2:09.8; 440, Bill Gillingham (T), 55.5; mile, Delman Smith (T), 5:02.7; shot, Jim Morena (D), 43-9; high jump, Art Foster (T), 5-9; discus, Larry Bryson (T), 119-9; pole vault, Dean Glaser (D), 10-6; relay, Tam, 1:36.8.

## Transfer Student Paces S.R. Golf

San Rafael High senior Bill Wallace, a transfer student from Georgia, looks like the Dow Finsterwald of the Marin County Athletic League circuit.

Wallace led coach George Lester's Bulldogs in a 6-0 shutout as they downed Marin Catholic 5½ to ½. The day's medalist was Bob Richeda with a 41 in the nine-hole contest. Walt Klenz, Bob Brackett, and John MacBride all had 43s and won their matches against Marin. The day's other winner was Larry Gaddy of Drake. The victory gave Drake a 3-1 record.

## Tam Tennis Team Shuts Out Novato

Coach Al Powers' Tamalpais High tennis crew with ease and swiftness put down Novato high in a 6-0 shutout last Friday.

In the singles Jim Christianen put away Dave Paul, 6-0, 6-3; Randy Wilkes did the same with Chris Christopher, 6-1, 6-0, and Renato Sottile and Shannon Meany, 6-2, 6-2.

## SRHS Spikers Whip Marin Catholic

Dennis Nickel, Bruce MacPhail, Jay Lathrop, Mike Shafer and Eugene Kern paced the powerful San Rafael Bulldogs track and field team to a 96-17 rout of Marin Catholic Friday.

Nickel and MacPhail were double winners, Dennis in the discus (135 feet) and shot (49-4) and Bruce in 180 low hurdles (21.4) and high jump (5-8).

Lathrop turned in a sizzling performance in the mile with a clocking of 4:26.7 while Shafer, another double winner, recorded the best 880 time in Modesto this year at 2:03.2 and won the 220 dash 24.3.

San Rafael won every first place. Other winners were Don Stevens, 120 High Hurdles, 15.8; Eugene Kern, 100, 10.6, and pole vault, 11 feet; Bill Andrew, 440, 53.4; Jack Haney, broad jump, 19-4½; and the 880 relay team, 1:36.7.

Ray Hoffman won three events (75 dash, 120 low hurdles and high jump) and Bob Olsen won the 150 dash and broad jump placed second in the 75 to pace the San Rafael Class B team to a 94-18 win.

Buzz Thiercoff, winner of three events for Marin Catholic's Class C team in every meet this year, scored another triple as the Wildkittens won their division, 49-25. He won the high jump, low hurdles and shot.

**Dons Sweep Twin-Bill**

SAN FRANCISCO (UPI)—Jerry Eilers of USF tossed a two-hitter and fanned nine as the Dons blanked St. Mary's 13-0 in the opener of a twin bill Saturday. The Dons took the nightcap, also, by a 7-4 count.

## Tam Whips Redwood For Tourney Title

By GLENN BECKER

Tamalpais Indians erupted for seven runs with two out in the fourth inning Saturday night, went on to drub Redwood, 10-2, and thus nailed down the 1962 Marin County Athletic League Baseball Tournament title.

Clean-up hitter Larry Pierce's bases-loaded triple and Dave Perlis' ensuing home run were the big blows in the fatal fourth. Both blasts came off Giant relief pitcher Rick Snyder. Snyder had succeeded starter Park Smith after Smith had walked in a run to give coach Ray Bell's Indians a 2-1 lead. Rick walked shortstop Jack Martin to force in another run, and then Pierce slugged a drive far over

center fielder Rick Basco's head in deepest right center. Three runs scored and Pierce was soon chased home and Snyder to cover when Perlis crashed his towering homer over the left field barrier.

Indian hurler Fred Mack allowed only three hits and struck out 13, but was kept in varying degrees of difficulty by fielding miscues by his teammates and occasional wildness. The husky righthander fanned the side in the first and seventh innings.

Mack was toughest with men on base, as his work in the fourth and fifth frames shows. Two hits and a walk loaded the bases with none out in the fourth. Mack got Basco on a popout to Pierce and Terry

Jarcik on a sharp line drive to Perlis, and then fired a third strike past Giant relief pitcher Elmer Tivel.

In the fifth, Redwood scored once and again loaded the sacks on three free passes and a wild throw in the infield, but once more Mack bore down to emerge unscathed. He caught Steve Minutoli looking at a third strike and fanned Basco swinging to end the threat.

Smith's downfall was caused by his wildness. He fanned five and gave up two hits but walked six in three and two-thirds innings. After being relatively subdued by Smith, Tam really went to work against his successors in the fourth and fifth stanzas,

smacking seven safeties. Only when big lefthander Mike Tele-gin came on to fan five of the last six hitters did the Indians stop hitting.

Perlis and Mack had combined talents to pitch Tam into the finals, when the Indians shutout Marin Catholic 3-0 in semi-final action Saturday afternoon.

Allowing the Wildcats but three hits, they bested John Forsythe, who in his first varsity hurling assignment

gave up only two safeties. Scoreless after five innings, the game was decided when Forsythe tired and lost his control in the sixth and seventh to the tune of four walks, three wild pitches, and a hit batsman. Mack came on to squelch a M. C. rally in the

sixth and retired the 'Cats in the seventh.

Redwood reached the finals by edging Novato 4-2. Steve Minutoli's single in the sixth inning drove in one run and led to two unearned markers, as the Giants overcame a 2-1 Hornet advantage. Mike Cooney came on in the seventh to stop a Novato rally and preserve the win. Two Giant double plays highlighted the hard-fought contest.

Consolation games pitting losers of first round matches saw Terra Linda dumping San Rafael 5-2 and Dick Thrum thumbing the San Rafael Military Academy 12-6.

Terra Linda hurler Bill Lee allowed only three hits while his teammates gathered 11,

but the Trojans had to break a 2-2 tie in the sixth and seventh innings to win. Among the T. L. safeties were four doubles. Two hits and an R.B.I. each were amassed by Jerry Daniele, Dick Schultz, and Dick Levato. Allan Finley got two singles for the Bulldogs.

Drake's Pirates saluted away their comedy of errors with the Military Academy by pouring 10 runs across the plate in a wild fourth inning. Tinker Ward's bases-loaded double, good for three runs, was the big blow in the inning. Sophomore pitcher Charley Simonacci gave up only two hits in five innings to the Cadets, who grabbed a 2-0 lead in the opening frame on a two-run single by Bruce Bostick.

### ORINDA TENNIS

## Reed Witt Advances; Harvey Klyce Upset

Second-seeded Reed Witt of Redwood High School today was favored to defeat seventh-seeded Jeff Quinn of Modesto in the quarter-finals of the Orinda Tennis Tournament.

Witt, in the 18-year-old boys singles, swept both the first and second rounds Saturday, and dominated the third round yesterday.

Saturday the ace Marin netter defeated Dan Lindholm of Berkeley 6-1, 6-0, and overwhelmed Mike Wimship of San Mateo College in the second round, 6-0, 6-0. Yesterday Witt put down Eugene Kantin of Berkeley, 6-3, 6-3, to gain today's crack at the quarterfinals.

Harvey Klyce of San Rafael High, who was eighth seeded in the tournament won his first and second rounds Saturday, and defeated Rich Silber in the third round, 6-3, 6-2 in yesterday's match by Mike McLean, unseeded in the 18-year-old competition.

In the 18-year-old singles, Greg Parkerson of San Rafael high, won his first and second rounds, and Glenn Pritzker of Mill Valley won his first round and defeated Rich Silber in the second round, 6-2, 6-2. Ron

Klyce of San Rafael beat Doug Gilespie, 6-2, 6-2 in the first round, and went down to Mike Borgman in a second round shutout, 6-0, 6-0.

In the pole position by virtue of a Saturday win, Sargent finished 29 seconds ahead of John Masterson in a Porsche RC-60.

Nine cars dropped out of competition during the 30-minute event. Sargent averaged 66.6 miles around the 1.9 mile, 12-turn course at the Port of Stockton.

The doubles for 18-year-olds, top seeded Gary Rose and Witt swiftly put away their opponents, 6-1, 6-0; Redwood High varsity basketball player Hillard Witt and class B basket-

## Sleuths Of Typewriter Didn't Have Clue Of Honor For Prison Author

Sleuths of the typewriter presented a non-existent scroll to an absent winner at San Quentin Prison Friday night.

The scroll, for runner-up in national competition for the best first "whodunit" novel, failed to arrive in time from Mystery Writers of America headquarters in New York.

The winner, prisoner-author Malcolm Braley, whose "Fel-

### Swallows Return To South Marin

Swallows have returned to Sausalito and Mill Valley and brought their youngsters.

Frank Bosl, manager of the Bank of America in Sausalito, reports a light wave of birds have returned to the elongated eaves of the bank. "Could be scouts," says Bosl, adding that usually the numbers are larger.

Ross Benson, Mill Valley superintendent of public works, relates swallows are making their nests, as in prior years, on the sides of the sewage treatment plant building. "More this year," said Benson. "They have brought their kids."

ony Tank" came close to getting the "Edgar" for the best first novel, was away from the "big house" because he has been placed in a prison honor camp. And as he is to be released on parole tomorrow, he chose to re-enter the outside world from the camp rather than return to San Quentin for his last days in "stir."

But absent author and missing scroll failed to upset the Northern California chapter of the Mystery Writers of America. They presented a certificate in lieu of scroll to Associate Warden W. B. Achuff as stand-in for Braley.

Then they toured the prison and drove to Deer Park Villa in Fairfax for an announcement dinner. (Several of the typewriter sleuths got temporarily lost en route, the clues to Deer Park Villa's location furnished by their fellow writers proving rather obscure.)

The "Edgar" for 1961's best mystery novel went to J. J. Morris (one of several pseudonyms of Britisher John Creasey) for "Dickson's Fire." This was especially appropriate, for Creasey is almost as productive

### Freedom Bond Drive Slated

A two-month national Freedom Bond Drive is scheduled to begin May 1.

Emphasis of the drive will be on getting all citizens to buy U.S. Savings bonds either through their bank or place of employment, according to Marin County Chairman D. C. Davis.

Davis said that bond sales during March totalled \$162,994 for Marin County and \$10,844,421 for Northern California, representing an increase of 6.8 per cent over the same month last year.

## Ex-San Rafael Teacher In Peace Corps

Former San Rafael school teacher Betty Anderson is now training teachers and students as a Peace Corps volunteer in the West Indian Island of St. Lucia.

Miss Anderson, whose home is 8 Francis Street, San Anselmo, is setting up a series of weekly educational radio programs which will be broadcast throughout the island. She is also teaching adult literacy courses and training young teachers to conduct reading and writing classes.

Before volunteering for the Peace Corps, she taught in San Rafael elementary schools for three years. She is a graduate of San Francisco State College.

The Peace Corps goal in St. Lucia is to improve agricultural efficiency and initiate projects to raise education standards.

West Indies Federation Chief Minister George F. L. Charles hailed the project as "one of the most significant events . . . to wipe out the scourge of poverty from our midst."

The corps has 787 volunteers in 13 countries.

### Graduation Set At Guide Dogs

Four Bay area residents will be among the six students who will graduate from Guide Dogs for the Blind, Inc., San Rafael, April 28.

The public graduation ceremonies will be held at 2:30 p.m. at the training center two miles north of San Rafael on Los Ranchitos Road. The exercises will be followed by a Guide Dog demonstration, a tour of the campus, and a reception for the graduates.

Taking part in the ceremonies will be Miss Janice Schroeder, South San Francisco; Tokinobu Mihara, San Francisco; Mrs. Virginia Horn, Richmond; Teddy Emmerson, Oakland; Alfred Bernardin, Denver, Colo.; and Walter Lyckman, San Antonio, Colo.

The La Brea Pits in Los Angeles County preserve the skeletons of thousands of extinct animals.

## Aide At Cafe Suspected Of \$2,039 Theft

The assistant manager of Sam's Anchor Cafe in Tiburon has been jailed on suspicion of stealing \$2,039.90 from the cafe, Sheriff Louis P. Mountanos reported today.

John Neal McInnis, 37, was booked in Marin County Jail on suspicion of grand theft late Saturday after being found in the county with an overdue rented car.

Sheriff's Inspector Bowen Bridges Jr. and Deputy William McKillop also booked him held for suspicion of passing worthless checks.

McInnis said he could not remember where or with whom he had been for the past three weeks, Bridges said. The car, reported overdue a month ago by the rental agency, had been driven 2,100 miles since March 11.

McInnis vanished March 12, reported James L. Bigelow, the cafe manager, after saying he had deposited \$2,039.90 in receipts in the cafe's bank account. The money was not deposited, Bigelow said.

McInnis rented a Thunderbird after wrecking his own Cadillac March 11, Bigelow said.

On March 23, McInnis vanished from the Bermuda Palms Motel in San Rafael, where he had been living. He had not been seen at the motel since, police said.

He was scheduled to appear in municipal court late today.

### A.F. Recruit Hours

With Marin Air Force recruiter Sgt. Jim Kauzlaric on furlough this week, the recruiting office at 819 A Street, San Rafael, will be open only from 10 a.m. to 4 p.m. Thursday and Friday and 1 p.m. to 4 p.m. Tuesday and Wednesday. Regular hours of 8 a.m. to 5 p.m. will be resumed Monday.

## Orchestra Plays Beautifully But Audience Very Small

By MAYBELLE SPECKMANN

A chamber orchestra is difficult to surpass for sheer beauty of sonority when four requirements are fulfilled.

These are proper balance of the various voices within the string choir, expert performers, a skilled conductor and a suitable chosen program.

All of these were met yesterday afternoon at San Rafael High School when Hugo

Rinaldi directed the San Rafael Chamber Orchestra in the third concert of a series sponsored by the San Rafael Recreation Department.

Rinaldi's reading of the Concertino No. 2 by Carlo Ricciotti and J. S. Bach's Concerto in E Major stressed those qualities and that of Tchaikovsky's Serenade for String Orchestra made the most of its lush melodies and engaging rhythms.

Concert master Everett O'Bannon gave a technically accomplished and expressively satisfying performance of the solo violin part in the Bach concert, giving the impression that this is the type of music to which he is best suited temperamentally.

In this number Rinaldi's control held the ensemble to the proper dynamic relationship to the soloist.

Throughout the concert phrasing, attacks and releases were admirably coordinated.

Unfortunately the audience

was very small. Perhaps having the spring concerts out-of-doors somewhere would overcome the reluctance of many to sit in a darkened auditorium on a beautiful day. This proved effective last summer with a chamber ensemble in Southern Marin.

### San Quentin Prison Inmate Denied Parole

Glen Drew Berry, 37-year-old carpenter from Fairfax who was convicted in January of 1961 of child-stealing, has been denied parole from San Quentin prison.

Berry was convicted of luring Stella Johnson, then 12, into his car on August 22, 1960, and taking her up Mt. Tamalpais toward his cabin. When he slowed his car, the girl jumped out. Ten minutes after she stumbled into the ranger station on the mountain, Berry was captured by sheriff's deputies.

# Project Finds Favor With Auxiliary

WITH EASTER COMING Sunday, members of the Carpenters Ladies Auxiliary work in the dainty spring bouquets they have chosen to decorate the trays of patients at San Rafael General Hospital. Here Mrs. W. F. Scovill, left, does the tying together

of one of the pastel-colored decorations while Mrs. C. L. Haskin, center, and Mrs. George M. Henderson, a hospital volunteer, make bouquets of the tiny flowers to form the center of the tray favors. (Independent-Journal photos)

Back in October 1960 the Carpenters Ladies Auxiliary 495 of San Rafael was approached by the representatives of the San Rafael General Hospital volunteers to see if its members would be interested in making favors for the hospitalized patients' trays.

The members of the Carpenters Auxiliary thought that the work might be interesting as well as useful to the community and agreed to try the project for one year.

They began working on decorations for Thanksgiving, as it was the upcoming holiday. Then followed ideas and work for Christmas, New Year's, Lincoln's Birthday, Washington's birthday, St. Patrick's day, Easter, Fourth of July, Labor day, Admission day and Halloween, to complete their trial year's work.

Ending the year, the members found that making the favors added pleasure to their meetings and proved a challenge to their "creative genius," and they are happily continuing the project.

"Since our closer association with the hospital gained through this project, we have come to realize the need for more trained personnel in the field of medicine, and we are now looking into the possibility of setting up a scholarship fund for a student who will enter the medical profession or related fields," says Mrs. William T. Wilson, an auxiliary member.

The fund would be fed by proceeds from the Carpenters Auxiliary spring rummage sale, she explained.

### Antoinette Blair Becomes Bride In Mission Ceremony

Mission San Rafael Arcangel was the setting for the wedding Saturday of Antoinette M. Blair, daughter of Mrs. Leontine N. Blair of Fresno, and Carl Wallace Dozier of San Rafael.

The bride was given in marriage by her uncle, Patrick L. Nolet, for the ceremony performed by the Rev. Richard Knapp. She chose a gown of white satin with three-quarter length sleeves.

Jeanine De Matteis of Fresno was maid of honor, wearing a light blue silk shantung sheath dress, as did Gwen Bell of Fresno, the other attendant. Laurie Blair of Concord was the flower girl.

Ring bearer was Gregory Blair, Laurie's brother. Best man for the bridegroom, who is the son of Mrs. Mary R. Dozier of Topeka, Kan., was

Lynes E. Downing of San Rafael. James Chapman of San Rafael was the groomsman and ushering was Dr. Sidney Blair of Berkeley.

After the ceremony a reception was given at the Outdoor Art Club in Mill Valley.

The bride is a graduate of Fresno High School and Fresno State College, where she was a member of Kappa Alpha Theta sorority. She is employed at Santa Margarita School. She is the sister of Dr. Blair of Berkeley and Harry Blair of Concord.

The bridegroom was graduated from Washburn University and is employed by Title Guaranty Co. of Solano County. He is the brother of Marcia M. Dozier of Topeka and the grandson of C. C. Chapman of Mesquite, Tex.

### Judith Anne Stanton Is Wed In Church Of Saviour Rite

Judith Anne Stanton became the bride of Sgt. Roy L. Baldwin, U.S. Army, Saturday at the Church of Our Saviour in Mill Valley.

The double ring ceremony was performed by the Rev. D. Murray Hammond with only members of the family attending.

New directors are Mesdames John Giuliani, house chairman; Blyth Adams, rentals; John Nahapiet, finance; Robert E. Wickersham, civics; William Seales, membership; George Grant, historian and publicity chairman; Russell Mills, grounds; Gerhard Becker, community services; Cecil Brown, ways and means; and John Lennon, cultural arts. Mrs. Baukol will be director-at-large.

Margaret and Jean Fitts of Mill Valley were her attendants. Jean wore a white dress and Margaret was attired in blue.

The bridegroom, who is the son of Mrs. E. W. Baldwin of Atlanta, Ill., was served as best man by the bride's brother, Charles William Stanton Jr. of Mill Valley.

After the ceremony a family luncheon was held at the Fort Scott Officers' Club annex at the Presidio in San Francisco. Following a honeymoon in Southern California the couple will live near Fort Carson, Colo., where the bridegroom is stationed.

The bride attended Tamal-

pais High School, and her husband was graduated from high school in Atlanta, Ill. He has three sisters, Mesdames Weldon Cheek of Atlanta, William Spencer of Robbins Air Force Base, Ga., and Andrew S. Harvey of Milwaukee, Wis.

### Easter Showing Is Scheduled At Sausalito Lunch

Easter's "happy things" will arrive with the Easter bunny on Thursday at 12:30 p.m. "Fashions With a View" from the Ondine in Sausalito for the special spring vacation luncheon at 12:30 p.m. planned for mothers, grandmothers, fathers, grandfathers, and children of all ages.

Puppeteers Gage Schubert and Lettie Connell, known for their television appearances, will be welcomed as the special Easter guests bringing their famed "Happy Things" puppets.

Easter magic will be provided by Stephen Bunker of Belvedere, whose performance is designed to fascinate all ages.

Young ladies and gentlemen modeling with the Easter Bunny will be Les Vogel Jr., Lynn Wagner, Jeanne Coyne, Cullen Coyne and Sissy and Robby Rosenberg, joined by Joan Amonette and Kay Wagner and Mrs. Les Vogel and Mrs. Clarence Amonette.

Spring's bride ready for a formal wedding will be Tami Evans, with her mother, Mrs. Richard Evans, as the mother-of-the-bride, and Jeanne Coyne, the flower girl, and Joan Amonette, the junior bridesmaid.

### New Classes

A new series of trampolines classes are starting at the Tiburon Peninsula Club taught by Ingrid Wilmot. Classes are held Friday at 10:15 a.m. at the club. A fee is charged for the eight-lesson series. Information may be obtained from Mrs. John Remak, 539 Virginia Drive, Tiburon.

THE FINISHED product — old fashioned nosegays — are packed in boxes by Mrs. A. F. Borges to be taken to the hospital where they will brighten Easter dinner trays. Through this

project the Carpenters Ladies Auxiliary's interest in the hospital has led it to consider establishing a medical scholarship.

seams. It works like a charm. I unsnap the cuffs and clean them out before washing the pants, leave them unsnapped, they will wash cleaner, dry faster, and need to be snapped again after pressing. Such a simple thing and such a big help."

"My arms must be shorter than the pattern calls for because the elbow darts are always down too low for me. Is there a simple way of measuring in this?" Mrs. C.M.

Dear Mrs. C.M.:

I would suggest that you baste the elbow darts in and not change them until after you have basted the sleeve into the armhole. When the sleeve is adjusted correctly, you can bend your elbow and the darts or fullness must be at the exact bend of your elbow. You will probably only have to do this once and you will know just how much to shorten all sleeves. This adjustment would mean taking a fold in the pattern above the elbow.

"If my dress is not long-waisted enough in front and I have to add to the bodice front, how can I make the side seams come out even?" Mrs. M.T.

Dear Mrs. M.T.:

If you need additional length in the bodice front it is probably due to a large bust. The larger your bust measurement, the more dart control is needed. In order to make the side seams come out even, you will add to the front only, now pin a dart at the underarm, directly opposite the fullest part of the bust. This dart should take up the exact extra length added. You will find that the bodice front and back now come out even and also that you will have a much neater fit.

Next week's column will discuss the woman who has to add to the back bodice and not to the front.

"Could you please give instructions for making felled seams?" Mrs. A.A.

Dear Mrs. A.A.:

A "felled" seam is a seam that has all the raw edges enclosed. It is found on sports

wear, shirts, pajamas, etc. After stitching your regular  $\frac{1}{8}$ -inch seam, press both seams in one direction. Now trim the under seam to  $\frac{1}{4}$ -inch. The wider or top seam is now turned under at the raw edge and basted over the seam you have trimmed down. Machine stitch close to this edge. The machine stitching will show on the right side, so be sure your stitching is exactly the same distance from the seamline.

Many clothes that do not ravel are treated in a similar way to give the same appearance from the right side. After machine stitching your regular  $\frac{1}{8}$ -inch seam, again press the seams to one side. Now from the right side of your garment, machine stitch through these seams about  $\frac{1}{8}$  inch from the seam line. Instead of a folded and finished seam on the inside, the edges will still be raw. This should only be done on fabrics that do not ravel.

Our sewing glossary: Interfacing: This is the term used to refer to the "extra" layer of fabric used in the fronts and collars of all garments. I prefer a woven-type interfacing in most cases. This can be purchased in various weights and you should choose the weight according to the type of fabric your garment is made of and also the style of the garment. Always cut the interfacing on the lengthwise grain of the fabric, just as you do with your garment.

Please send you questions to Sew Simple, in care of the Independent-Journal Women's Dept. If you want a collection of the 20 most frequently asked questions, send 25 cents and a long, self-addressed, stamped envelope with your request to Eunice Farmer in care of the Independent-Journal.

### Readers Raise Strong Protest To Dr. Margaret Mead's Views

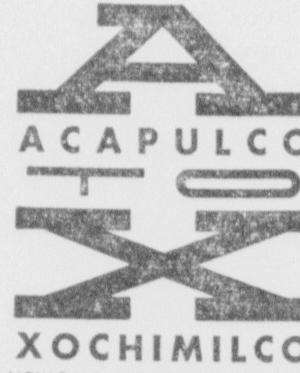

We're not about to close down our schools. We are not going to ask mothers to teach their children at home. We are going to keep right on building new schools, hiring new teachers and sending our boys and girls to them. That's what mothers say, emphatically.

Dr. Margaret Mead suggested we close our grade schools.

She said mothers could do their own teaching. Remember? Last month I asked mothers to tell me what they thought of her idea. Many wrote. You should see their letters!

"Preposterous!" one woman sputtered. "I want my children to be taught by someone who knows how to teach. I want them to have the social development which comes from being with others of their age. I want them to have art, music and rhythmic activities. I couldn't teach any of these things. The very idea makes me angry."

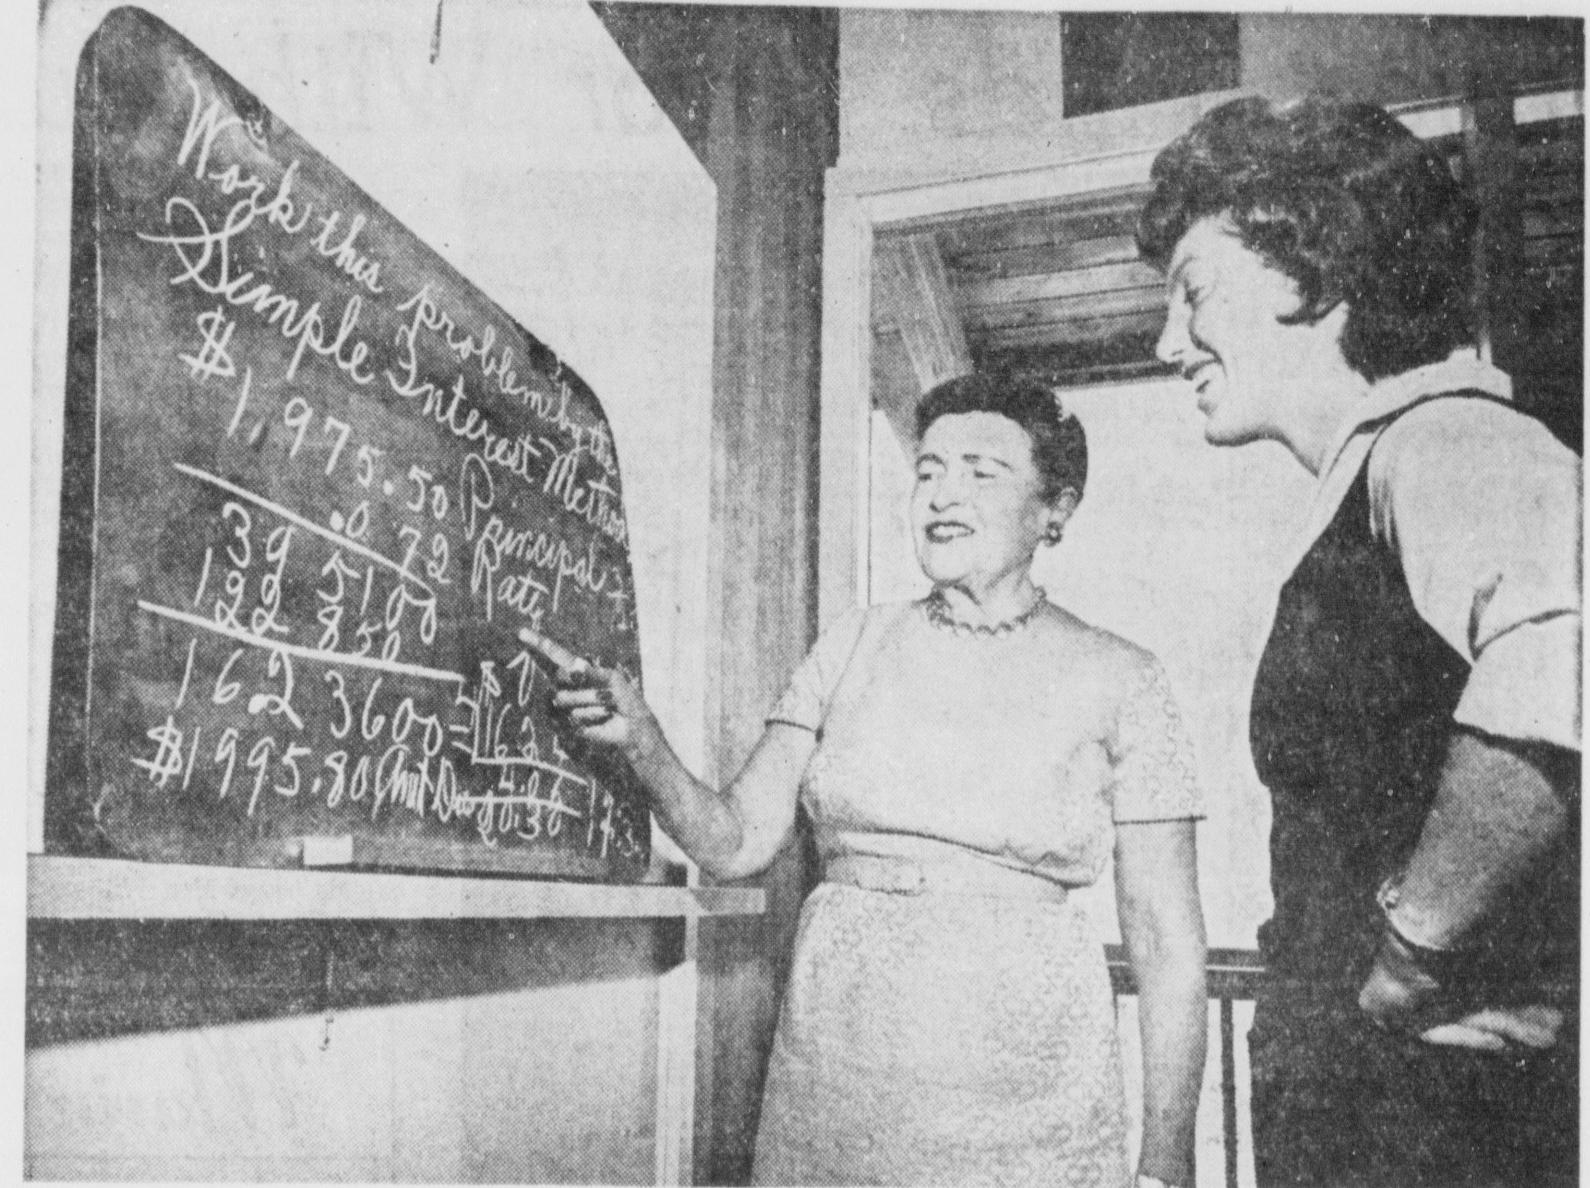

"That is the nuttiest proposal I ever heard," another mother said. "I have five children. Two are in school. I'm as busy as a one-armed paper hanger all day long, looking after the little ones. Even if I knew how to teach, which I

## Variations On Range Theme For Kitchens

With kitchens in the news, Marin County home advisor Virginia Porter describes the features of the latest models of kitchen ranges.

Everything looks built-in this year. Curves have disappeared in favor of straight, square lines. The back of stoves fit flush against the wall — also true of some washers, dryers, refrigerators and freezers.

### WHAT ABOUT COLOR?

White is by far the biggest selling "color" in major appliances 80 per cent. Color choices usually are confined to built-in appliances and to top-of-the-line free-standing units. Women may like to know that they can buy one or more appliances in color, then have an older appliance painted to match.

A few letters favored the suggestion. They came from men who were worried about school taxes, not from mothers. Thank you friends, for writing.

As appliances become more automatic, there's a move to make controls easier to read. A woman who chooses a top-of-the-line model should have a complete demonstration by her dealer, and then spend some time with the instruction book to learn what the new

appliance can do for her — there's no sense in spending money for features she doesn't learn to use.

High-oven ranges are style leaders in freestanding units. Almost every manufacturer offers this design. It's top price, top-of-the-line. There may be one or two ovens above surface units; lift-out surface and oven coils; lift-out gas burner units; lift-off oven doors.

A leading manufacturer designs all ranges to be lined with replaceable aluminum foil. This makes a difference in heat reflection and the ovens have been engineered with this in mind.

FULL-VIEW GLASS doors usually have an all-over design to help hide interior when ovens aren't in use. Some have magic mirror doors of dark glass so that the interior can't be seen.

Cleaning a range is no fun, so manufacturers are making the job easier. On some ranges, entire top surface lifts up.

There are those with bottom storage drawers that pull completely out so you can sweep the floor beneath. Many range backguards have the printing behind a panel of glass, with only knobs mounted outside, and these knobs often come off for cleaning.

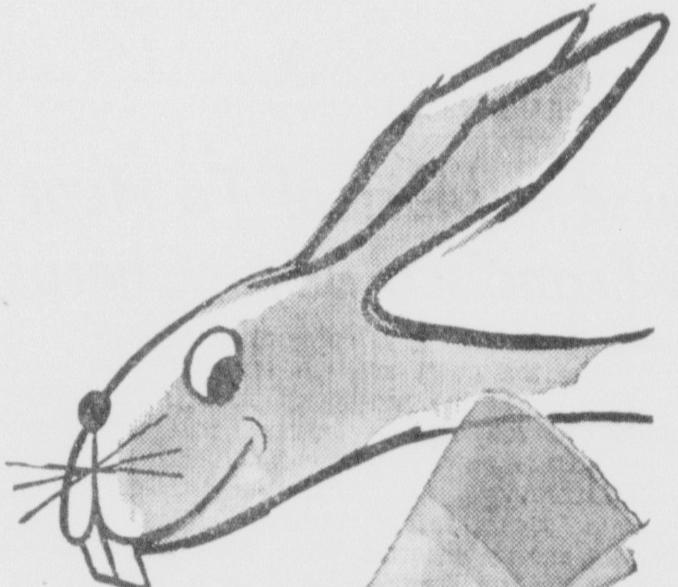

On other ranges, controls

## Carol Fowler To Be Bride In December

The engagement of Carol Ann Fowler of San Anselmo and Paul Peter Martini of San Francisco has been announced. The couple is planning a wedding in December at Sts. Peter and Paul Church in San Francisco.

The bride-elect is the daughter of Mrs. Robert Schwingler of San Anselmo and of Alfred Fowler of Woodacre. She was graduated from Sir Francis Drake High School and is employed by Connecticut General Life Insurance Co. Mr. and Mrs. John Lezzani of Fairfax are her grandparents.

Paul is the son of Mr. and Mrs. Peter Martini of San Francisco and the sister of Mrs. Jean Coan, also of San Francisco. He is a Sacred Heart High School and San Francisco City College graduate and is employed by Aetna Insurance Co. in San Francisco.

### Gardener Can Banish Aches With Exercises

Those muscles need preparation for gardening, or else you will reap an early harvest of aches and pains. Bonnie Pruden, physical fitness expert and part-time gardener, says the weekend athlete and gardener have much in common. "Some women are afraid that exercise will turn them into a bunch of gnarls. But do you know, behind every curve there is a muscle. If there isn't, the curve soon becomes a sag," she says.

MRS. PRUDEN suggested these exercises. To strengthen the back and legs, bend forward as if you were pulling weeds or cutting a border. Keep the feet flat on the floor, the knees upright. Do the bending from the waistline and try for the "ground" with the palms of the hands.

Alternate this with a stooping exercise in which the body is crouched, with knees bent.

"Many gardeners get backache because they stay in one position too long," she said.

Practice indoors on the dead lift before you begin lifting dirt, plants and garden tools outdoors, she suggested. Planting the feet apart, bend from the waist to the floor and lift a heavy object in each hand.

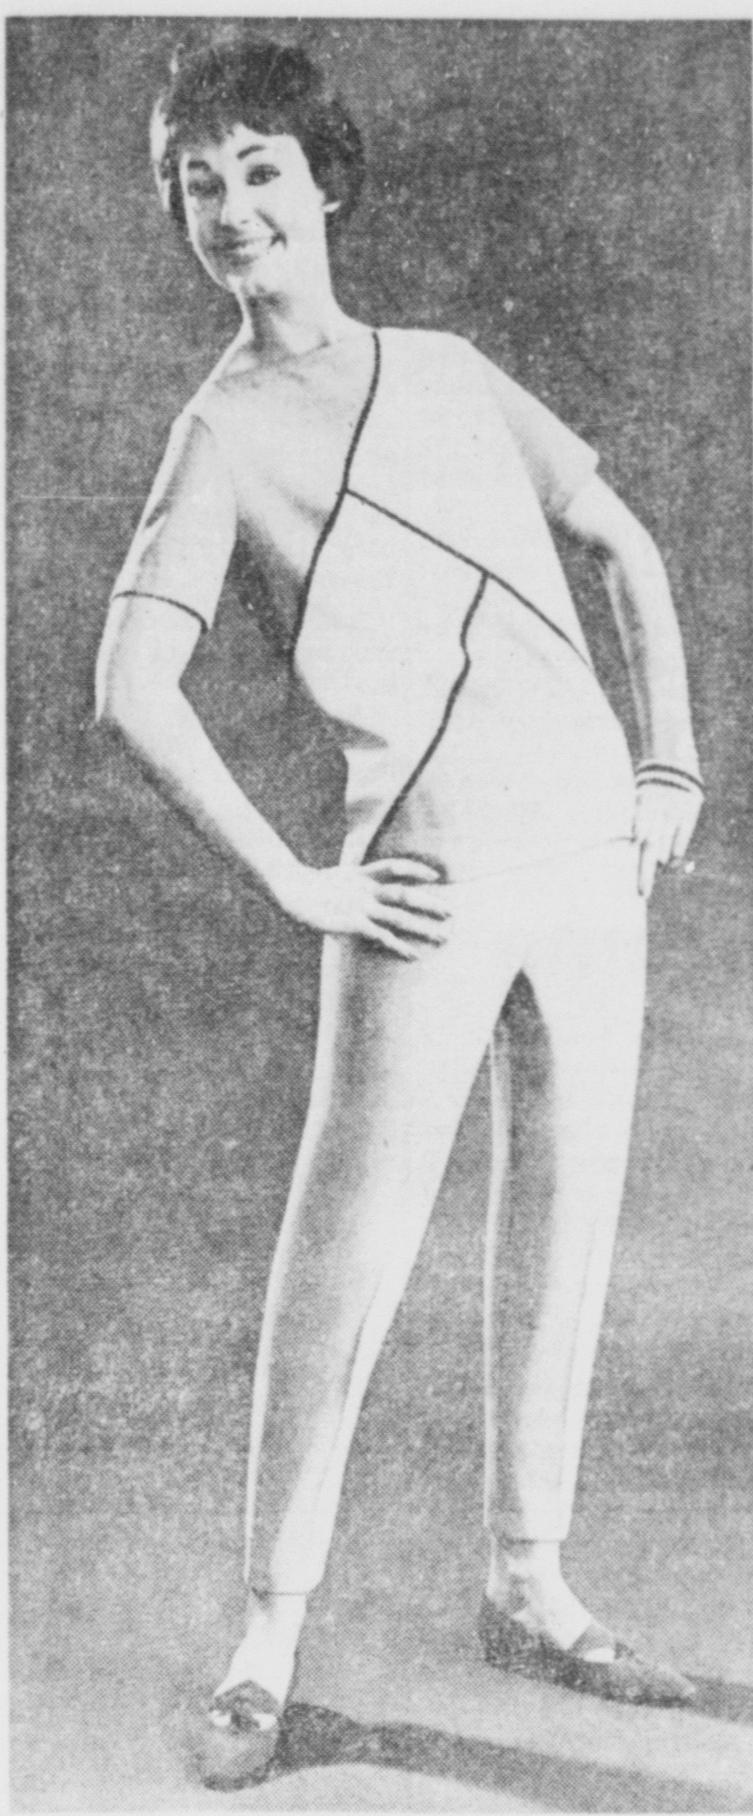

ANOTHER EXERCISE calls for lifting with the knees thrust forward so that the weight of gardening equipment or plants is shifted and the back is protected from a straight pullup.

Knee bends are an excellent body conditioner. Put the feet together, the knees close, hold onto table for balance. Keep the back straight, arms stretched out in front of you, and go down, bending the knees. Lower your backside toward the floor, then rise slowly, to tip toes, then to standing position.

TO START exercising in the morning before you get up, lie on the back, with both knees bent toward your tummy. Lift your left knee to your nose, stretch the leg out straight as far as you can, and then repeat with the right knee to the nose.

Now, turn on your left side

## Mrs. Donald Robinson Gives Time To Guiding League Unit

So confident of the effectiveness of the League of Women Voters is Mrs. Donald W. Robinson of Tiburon, new president of the Southern Marin Unit, that she has even convinced her little daughter.

One day when her mother was expressing concern over a world crisis described on the radio, Janet, then five years old, consoled, "don't you worry a thing about it, Mommie — the League will take care of it. It may not be that powerful," said her mother, but I know the position of the League was listened to, at least, in Congress when we took stands in support of the UN, foreign aid and reciprocal trade agreements.

"As you know," she commented, "we take stands on local problems too, but always on issues, not on individuals."

FOR THREE YEARS Anne Robinson has been a member of what was called the League of Women Voters of Mill Valley until the meeting this month when it was changed to League of Women Voters of Southern Marin. Last year she was a membership chairman, and she was local workshop chairman the year the unit did the study on the Tiburon master plan.

She conceives the ultimate purpose of the League to be education of the membership and of voters generally through providing them with non-partisan information on candidates and issues.

"On the local level," she continued, "we shall continue with study of city government — on the state level we'll continue our two-year study of the state's role in local government — and I'll not know what the projects on the national level are until I return from the national convention set for April 30-May 4 in Minneapolis.

Anne Robinson teaches seventh graders in Sunday school at St. Stephen's church in Belvedere, but has dropped other activities to devote her energies to the job of being league president.

SHE WAS A DIRECTOR of the Little Reed Heights Property Owners' Assn. for two years and worked with the

years in San Francisco, where Robinson is an executive with a company which does industrial displays and commercial interiors.

A native of Toronto, Canada, Anne was graduated with a liberal arts degree from the University of Toronto, where she was a member of Kappa Kappa Gamma sorority. She worked as a writer for the Canadian press and was later assistant director of publicity for the Toronto Red Cross.

As for her other interests, she says, "I like cooking and have done some painting in oils and water color for my own amazement and I'm a great cat fancier, not necessarily of purebreds. Ours is just a smart, beautiful, lovely little gray cat."

Right now Anne Robinson enjoys most her family, friends and working with the league."

# Ready For Daylight Savings Time? Here Are The Rules

**WASHINGTON** (UPI) — Get clocks ready and start checking with your neighbors, because pretty soon a lot of people are going to start playing the annual "daylight savings" game and you'll have to know the rules.

The twice-a-year confusion over when we will try to gain an hour of sunlight and give it back again starts all over again for much of the nation at 2 a.m., April 29. But for many states time won't change.

The federal government doesn't have a thing to do with what kind of time we keep, except to set forth the geographic limits for the four standard time zones—

Eastern, Central, Mountain and Pacific.

There hasn't been a federal law specifying "daylight saving" time since Oct. 26, 1919. National daylight saving time existed only in 1918 and 1919. It died when Congress repealed the law over President Wilson's veto.

Of course, the whole nation lived an hour ahead during World War II, but that was "war time" and it lasted all year round, from Feb. 9, 1942, until Congress restored standard time effective Sept. 30, 1945.

Between the two world wars and since then, the

matter has been left up to the states and localities to observe or not observe "daylight saving" time.

Last year there were 27 states that, in part or as a whole, advanced their clocks, most of them on the last Sunday in April to the last Sunday in October at 2 a.m., so that the exact date changes from year to year.

**California** — State law, throughout state annually, April 29-Sept. 30.

**Connecticut** — Obligatory by state law, April 29-Oct. 28.

**Delaware** — April 29-Oct. 28.

**District of Columbia** — April 29-Oct. 28.

**Illinois** — State law, throughout state annually, April 29-Oct. 28.

Here is a list of the "daylight

saving" time observers, with their start and stop dates this year: (Note: Where observance is required by state law, the period usually is specified from 2 a.m. on the last Sunday in April to the last Sunday in October at 2 a.m., so that the exact date changes from year to year.)

**Indiana** — "Daylight saving" generally observed by counties in central time zone, April 29-Oct. 28, with following exceptions: not all in Columbus, Evansville, Greencastle, Mitchell, North Judson, Seymour; until Sept. 23 at Kokomo, Logansport, Plymouth, Winamac; until Sept. 24 at Wellsboro; and until Sept. 30 at Vincennes.

**Iowa** — April 29-Oct. 28, except for: not all in Bettendorf, Burlington, Clinton, Davenport, Fort Mason, Keokuk and Montrose; and until Sept. 3 at Danville, Mt. Pleasant and New London.

**Maine** — Obligatory by state law, April 29-Oct. 28.

**Maryland** — April 29-Oct. 28.

**Massachusetts** — Obligatory by state law, April 29-Oct. 28.

**Michigan** — Dickinson County and Ironwood from April 29-Sept. 24.

**Minnesota** — Entire state, May 27-Sept. 4.

**Missouri** — April 29-Oct. 28, except for: not all in St. Louis and suburbs, Canton, Crystal City, Festus, Foristell, Kahoka, OFallon, Pacific, St. Charles, St. Clair, St. Peters, Truesdale, Warrenton, Wentzville and Wright City; to Sept. 9 at Louisiana; and to Sept. 10 at Hannibal.

**Montana** — Anaconda and Butte from May 30-Sept. 3.

**Nevada** — Entire state, April 29-Sept. 24.

**New Hampshire** — Obligatory by state law, April 29-Oct. 28.

**New Jersey** — Obligatory by state law, April 22-Oct. 28.

**New Mexico** — Los Alamos, April 29-Sept. 24.

**New York** — Obligatory by state law, April 29-Oct. 28.

**Pennsylvania** — Generally observed state-wide April 29-Oct. 28, except Tyrone which terminates on Sept. 23.

**Rhode Island** — Obligatory by state law, April 29-Oct. 28.

**Vermont** — Obligatory by state law, April 29-Oct. 28.

**Virginia** — April 29-Oct. 28 for the counties of Albemarle,

Sept. 23, Steubenville, Willsburg, Amherst, Arlington, Augusta, Campbell, Charles City, Chesterfield, Dinwiddie, Fauquier, Fairfax, Goochland, Greene, Hanover, Henrico, James City, King George, Loudoun, Louisa, Nelson, New Kent, Orange, Page, Powhatan, Prince George, Prince William, Rapahannock, Rockbridge, Rockingham, Shenandoah, Spotsylvania, Staunton and Warren. And for the cities of Alexandria, Buena Vista, Charlottesville, Colonial Heights, Falls Church, Fredericksburg, Harrisonburg, Hopewell, Lynchburg, Petersburg, Richmond, Staunton, Waynesboro, Williamsburg and Winchester.

**Washington** — Entire state, April 29-Sept. 24.

**West Virginia** — April 29-Oct. 28 for Harpers Ferry, Keyser, Moundsville and Wheeling; April 22-Sept. 24 for Martinsburg; and April 29-Sept. 24 for Morgantown.

**Wisconsin** — Obligatory by state law, April 29-Sept. 24.

## Corporations Report Increased Income

**NEW YORK** (AP) — Profits may be a controversial word in political, labor and management circles today because of the ruckus over steel prices. But for the stockholders of five out of six corporations who have reported first quarter 1962 earnings to date, the comparison with a year ago is very pleasant indeed.

The first 195 corporations to report show net income after

taxes averaging 19 per cent higher than in the first quarter of 1961.

Remember that business in general has been at, or near, record highs this year, while a year ago the recession was scraping bottom. And also remember that the 195 can only indicate a trend, since the great flood of earnings statements are yet to appear.

For a number of individ-

ual companies the percentage of increase is many times higher than the 19 per cent average, reflecting either an unusually strong position this year or a much worse than average showing in the early months of 1961.

The largest steel companies will be reporting their first quarter profits after Easter. But three smaller steel makers have announced already. Re-

member each has individual reasons for its comparative showing and can't be held representative of the industry. But here they are: Pittsburgh Steel went from a net loss of \$1.2 million dollars in the 1961 quarter to a profit of 1.5 million in 1962; Granite City Steel earnings rose 73 per cent over Oct. 28.

**Ohio** — As listed, April 29-Oct. 28.

**Michigan** — Dickinson County and Ironwood from April 29-Sept. 24.

**Minnesota** — Entire state, May 27-Sept. 4.

of the 195 companies reporting so far — many for quarters ending before March 31 — only 32 show decreases from last year. This time there were nine companies operating at a loss against 25 in the 1961 period.

Combined the 195 show profits of \$716,965,000, compared with \$602,926,000 for the same companies in the year a go period.

The giant Bell Telephone System makes up almost half of the total earnings. Its gain was 10 per cent. Without it the other 194 have an increase of 27.7 per cent.

Among the companies on the upside this year are: General Electric with a gain of 32 per cent; International Business Machines, up 15.2 per cent; Celanese, 88.2 per cent; Western Union, 14.7 per cent; United States Shoe, 24.1 per cent; West Virginia Pulp and Paper, 26.4; Firestone Tire and Rubber, 6.8 per cent, and Avco, 35.4 per cent.

Companies with striking increases, often because of unusually poor showings a year ago, include: International Harvester up 627 per cent; U.S. Plywood, 195 per cent; J. P. Stevens, 147 per cent; United Fruit, 811.7 per cent.

Among the firms with declines this year, for one reason or another which may or may not be representative of their industries, are Superior Oil and National Tea. General Tire and Rubber's earnings slipped 12.2 per cent.

Deere and Co. was down 18.7 per cent and Carrier Corp. 6.4

The general gain in profits this year has been expected, both in comparison with a depressed period a year ago and in total volume because of rising business activity. But management spokesmen stress that corporate earnings haven't risen as much as economic growth in general, that the ratio of profits to sales has fallen, and that the ratio of profits to invested capital also has declined.

### 'MONEY TREE' GROWS FOR CRANSTON

Alan Cranston, incumbent state controller seeking the Democratic nomination and re-election, uses as campaign material "money" calling attention to the fact he is responsible for distributing 25 million dollars daily. Mrs. Leonard Martin (left) and

Mrs. Charles Einstein use Cranston "money" to prepare a "money tree" for garden party honoring the candidate to be held at Mrs. Martin's home in Ross May 4. The party will be sponsored by the Committee to Re-Elect Alan Cranston. (Independent-Journal photo)

## Radiological Class To Start April 25

A team of experts will teach a course in operation of radiological meters April 25 through June 20 at the National Guard Armory, Civic Center, Santa Venetia.

The course will be conducted by Ward H. Austin, assistant director of the Marin County Disaster and Civil Defense Council, assisted by Col. Paul L. Jones of Hamilton Field Air Force Base; Dr. E. A. Weden, civil defense chairman of the Marin Medical Assn.; Dr. C. A. Pulskamp, professor of physics, College of Marin, and Sgt. T. E. Green of the National Guard.

Mrs. Jean Smith, deputy to Austin, said the course will run from 8 p.m. to 10 p.m. on these dates: April 25, May 2, 9,

16 and 23 and June 6, 13 and 20.

"It is extremely important that every agency to which a radiological monitoring kit has been assigned have two or more of their members trained in the operation of these kits, in order to insure an effective 24-hour coverage," Mrs. Smith said.

The course is similar to previous courses given by the county but may be taken again as a refresher, she said. She added that the course is open to the general public and instruction is free.

She asked organizations planning to send persons to the course to notify her by phone how many will attend.

### Mosquito Unit Renews Contract With Dusters

Marin County Mosquito Abatement District trustees Thursday night renewed a contract with Medlock Dusters of Davis to provide aerial spraying for the next fiscal year.

Cost of aerial spraying of non-hazardous insecticides, such as DDT, remains the same, \$50 per hour. Spraying of hazardous insecticides such as parathion will cost an additional \$2.25 per hour for the loader and 8 cents per mile to cover the cost of bringing the insecticide to Marin.

Manager G. Paul Jones explained that parathion will be used only in the open marshes near Petaluma, and will be handled exclusively by Medlock employees.

The trustees adjourned the meeting in memory of the late County Clerk George S. Jones, who was a former member of the district board.

A bolt of lightning heats the channel of air through which it passes to 50,000 degrees centigrade.

been suspected for years, vanishing.

The surprise lies in the rapidity with which this geological phenomenon occurs. A report on the survey of 1960, just published, shows that the five glaciers in the park are down considerably from only a few years ago.

Dana, for example, has an estimated one-half the volume it had in 1885. Photographs from the same spot by I. C. Russell, famous glaciologist, in 1885, and by a survey crew from Yosemite in September, 1960, bear this out.

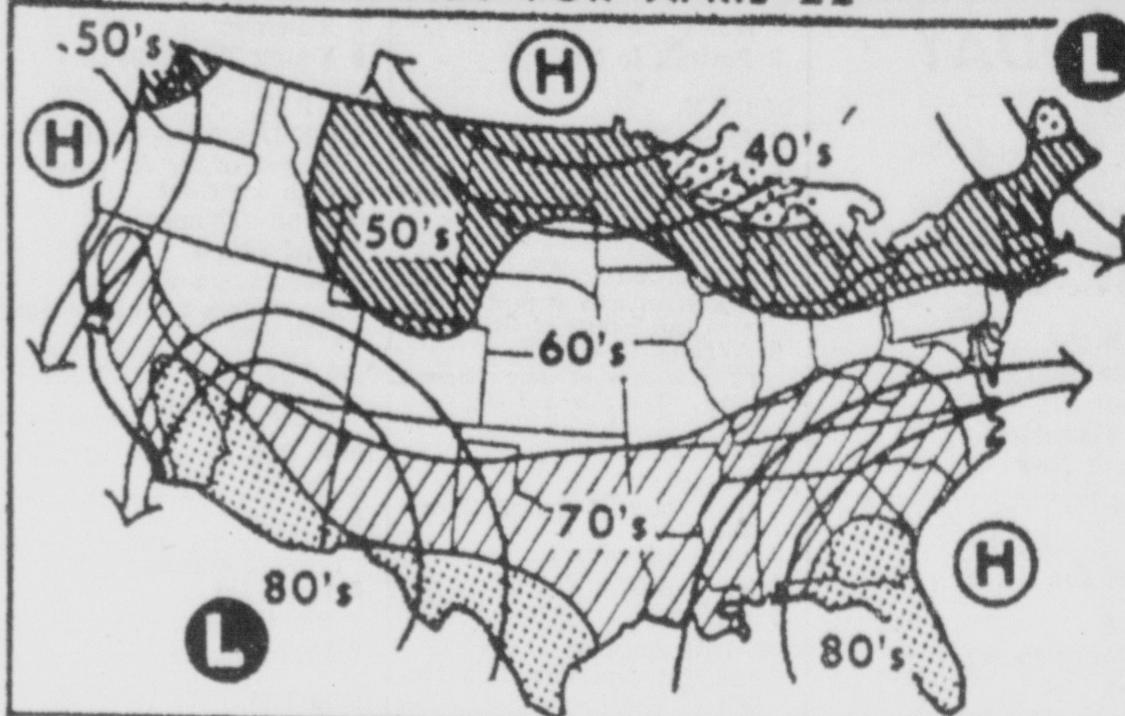

A new survey, made last September, will soon be published. Douglass Hubbard, chief park naturalist, says it will agree in all basic respects with the one previous.

Four of the glaciers definitely are active. These are Kuna, Lyell, Dana and Connness. The survey team is not quite certain whether North Peak—now called a glacierette—is alive. If so, it hasn't long to go, unless there is a change in trend.

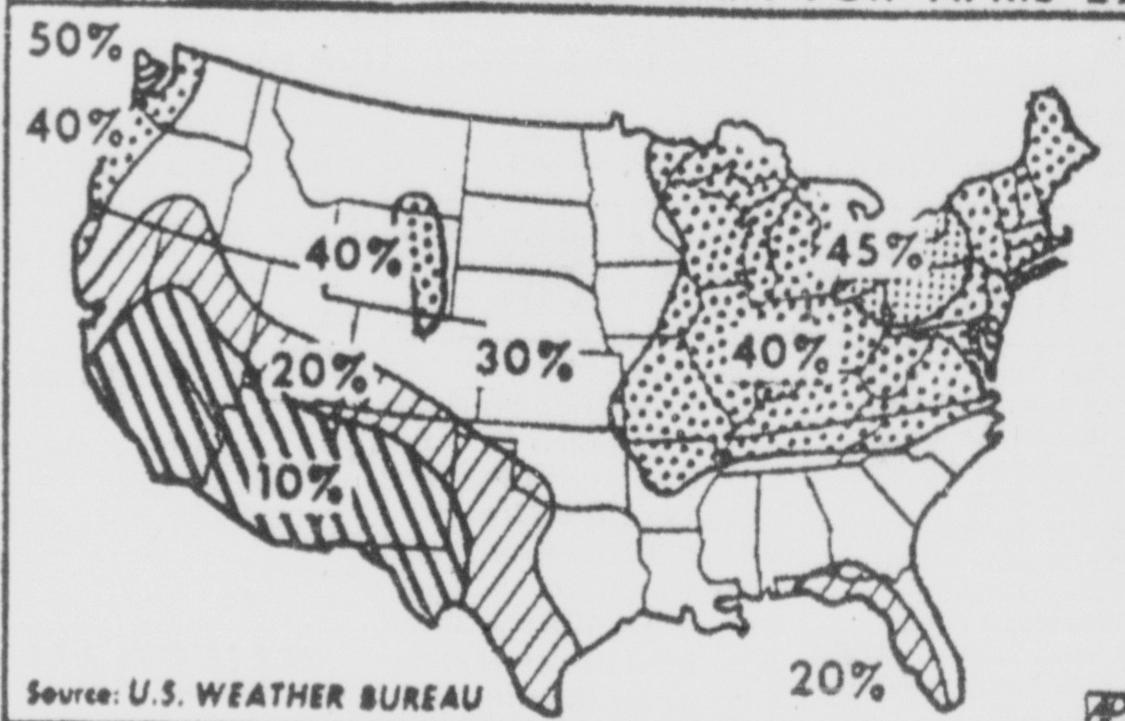

Crevasses on Lyell glacier were found in 1960 to be smaller and fewer than the year before. The east lobe had declined from five to seven feet in recent years and the west lobe from two to three feet, which amounts to double the melting rate of the average over the past 27 years.

Hubbard says the drought of recent years has affected the glaciers, but does not account for the long-range decline.

If you plan an Easter Sunday trip to anywhere in the U. S., here's some weather advice for you. These maps, based on information supplied

by the U. S. Weather Bureau, show what the average high temperatures and prevailing winds (above) will be, and normal probability (below) of rain.

## Easter Sunrise Services Planned At Cushing Theater On Mt. Tam

Easter Sunrise services will be held at 5:30 a.m. Easter Sunday at the Sydney B. Cushing Memorial Theater atop Mount Tamalpais.

The annual event is sponsored by Mill Valley citizens and the 66th Radar Squadron, located three miles from the theater.

The services, held on the mountain since 1922, have been co-sponsored by the Air Force unit since 1955.

The 85-foot cross, lighted each year at Easter time, was lighted yesterday.

Rev. William H. Youngman, who conducted the 1922 service, will preside over this year's service. He was once with the First Congregational Church in Mill Valley (now the Community Church). He now resides in Santa Rosa.

Assisting him will be Rev. Sig Sandrock of the Shepherd of the Hills Church, Belvedere; Rev. G. Russell Oaks of the Mill Valley Methodist Church, and D. J. Kalal, chaplain at Hamilton Air Force Base. The choir

of the First Baptist Church of Mill Valley will sing. Dr. Kenneth Borchardt will be organist.

The non-denominational service is one of the community relations projects of the Air Force station commanded by Lt. Col. William E. Wright.

There are known to be about 40,000 kinds of fish, more than twice as many species as all mammals, birds, amphibians, and reptiles together.
